- (b) the amendment to the approved estimate filed under subsection (3); or
- (c) the supplementary estimate filed under subsection (3),

(6) Where the municipality and the Minister approve the amount of the amendment to the approved estimate or the amount of the supplementary estimate submitted under subsection (3), the amount shall be deemed to be part of the approved estimate of the society for that year for the purpose of determining the amounts payable to the society under section 13 of the Act and section 9 of this Regulation.

(7) After the amendment to the approved estimate or the amount of the supplementary estimate has been filed with the Director under subsection (3) and approved by the council of each municipality, the Minister may approve the amendment or the supplementary estimate or the Minister may, subject to subsection (8), vary the amount of the amendment or the supplementary estimate and approve the amount as so varied.

Minister's intention to the society and to the council of each municipality in the area in which the society has jurisdiction.

(9) Where a society or the council of any municipality in the area in which the society has jurisdiction does not agree with the Minister's intention,

- (a) to refuse to approve the payment of an adjustment made under subsection (1) or the amount of an amendment to the approved estimate or the amount of the society's supplementary estimate filed under subsection (3); or
- (b) to vary the amount of the adjustment or the amount of the amendment to the approved estimate or the amount of the supplementary estimate,

any one of them may, before the Minister's refusal or approval is given, as the case may be, request the Minister to refer the matter to a child welfare review committee and thereafter the provisions of sections 11 and 12 of the Act apply with necessary modifications to a request for review made under this subsection.

(10) Where the District Child Welfare Budget Board has been established for a district under section 10 of the Act for the purpose of approving the estimate of net expenditures of a society, any approval or request for review by or notice to a municipality in the district in respect of the estimate, required or authorized, as the case may be, by this section may be given by the Board. INFORMATION STATEMENT

SUMMARY DESCRIPTION OF COMMODITY FUTURES TRADING

When you trade in commodity futures contracts you are entering contracts to make or take delivery of a specified quantity and quality, grade or size of a commodity during a designated future month at a price agreed upon when the contract is entered into on your behalf on a commodity futures exchange.

Each commodity exchange requires its members to obtain mandatory minimum margin from customers for whom the exchange members act. "Initial margin" is the original deposit required, the earnest money when the contract is entered into. If the market price moves against the customer's position causing the margin on deposit to fall to or under a prescribed level called "maintenance margin" he will be required to furnish additional funds to restore margin on deposit to initial margin. Margin is calculated at the end of each day and more frequently during active markets. When additional margin is required it must be furnished immediately.

Commodity futures exchanges also impose maximum daily permissible price changes in each commodity—"daily price limits"—certain amounts above or below the previous day's closing price beyond which limits no trades may be effected.

The reason for such limits is to prevent sudden extreme price movements. However, the result can be days elapsing before a trading level is found. The loss to a trader on the wrong side of the market and seeking to offset his contract can be substantial.

Only a very small proportion of commodity futures contracts are, in fact, settled through actual delivery of the commodity. Instead, they are usually settled by entering an opposite or offsetting contract. To settle a contract in which a certain amount of a particular commodity for a given delivery month was bought, the buyer subsequently contracts to sell a like amount of that commodity for the same delivery month. To settle a contract in which a commodity was sold, the seller buys an equal amount. Any difference between the price at the time the original contract was made and the price at the time the liquidating or offsetting contract is entered into is settled in cash.

RISK

The risk of loss in commodity futures trading is substantial. You should therefore carefully consider whether such trading is suitable for you in light of your financial condition, objectives, and temperament. In considering whether to trade, you should be aware of the following:

- (1) You may sustain a total loss of the initial margin funds and any additional funds that you deposit with your broker to establish or maintain a position in the commodity futures market. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the prescribed time, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.
- (2) Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market makes a "limit move".
- (3) Placing contingent orders, such as "stop-loss" or "stop-limit" order, will not necessarily limit your losses to the intended amounts, since market conditions may make it impossible to execute such orders.
- (4) A "spread" position may not be less risky than a simple "long" or "short" position.
- (5) The high degree of leverage that is often obtainable in futures trading because of the small margin requirements can work against you as well as for you. The use of leverage can lead to large losses as well as gains.
- (6) As most transactions are made in foreign currencies the risk you assume includes those related to currency fluctuations.

This brief statement cannot, of course, disclose all the risks and other significant aspects of the commodity markets. You should therefore carefully study and become familiar with all aspects of commodity futures trading, including the terms and conditions of contracts.

SUMMARY DISCLOSURE STATEMENT
EXCHANGE TRADED COMMODITY FUTURES OPTIONS

Every summary disclosure statement relating to exchange traded commodity futures options shall include:

- (1) The following boldface statements in substantially the following form in ten point type on the first page:

Before you trade in commodity futures options, you should carefully read this statement. This is important because of the particular risks involved.

If you plan to buy an option, you should realize that you will pay both a premium and a commission. The premium compensates the seller, or writer, of the option for the risk he assumes; the commission compensates the broker who handles the transaction for you. Accordingly, if you are to avoid a loss the price of the commodity must — before the end of the option period — rise sufficiently that the consequent increase in the price of the underlying futures contract will absorb both the premium and the commission.

If you plan to sell (i.e., write) an option, you will be obligated to provide a futures contract to cover the option should the purchaser of the option exercise. If you write an option and do not own the underlying futures contract, there is no limit on your possible loss, which is determined entirely by the amount of the rise in the price of the commodity and the underlying futures contract.

NO SECURITIES COMMISSION OR SIMILAR AUTHORITY IN CANADA HAS IN ANY WAY PASSED UPON THE MERITS OF THE COMMODITY FUTURES OPTIONS DESCRIBED HEREIN AND ANY REPRESENTATION TO THE CONTRARY IS AN OFFENCE.

- (2) A statement to the effect that:

- (i) Specific market movements of the commodity futures contracts underlying the commodity futures options cannot be accurately predicted,
- (ii) The writer of a call option who does not own the commodity futures contract required to be delivered upon exercise of the option is subject to risk of loss should the price of the underlying commodity futures contract increase by an amount in excess of the premium, less transaction costs,
- (iii) The writer of a call option who owns the commodity futures contract underlying the option is subject to the full risk of his underlying position; in exchange for the premium, so long as he remains obligated under the option contract, he has given up an opportunity for gain resulting from an increase in the price of the underlying commodity futures contract above the price at which the option may be exercised,
- (iv) The writer of a put option is subject to risk of loss should the price of the underlying commodity futures contract decrease by an amount in excess of the premium, less transaction costs;

- (3) A description of the commodity futures options being offered including:

- (i) The nature and type of the options and the manner in which they are traded,
- (ii) The commodity futures contracts underlying the options.
- (iii) The total quantity and quality of the commodities which are the subject of the underlying commodity futures contract,
- (iv) The duration of the option,
- (v) A general description of the elements which may comprise the purchase price to be charged including the premium commissions, costs, fees and other charges as well as the method by which the premium is established,
- (vi) The services to be provided for the separate elements comprising the purchase price,
- (vii) A general description of any and all costs in addition to the purchase price which may be incurred by an option holder if the commodity futures option is exercised, including, but not limited to commissions (whether denominated as sales commissions or otherwise), and all similar fees and charges which may be incurred,
- (viii) The procedural requirements for exercise of the option being offered,

- (ix) A clear explanation of any force majeure clause contained in the option, and
 - (x) A general description of any material risks involved in the option transactions not included in the statements required by item 2.
- (4) A general description of the commodity futures exchange on which the options are traded, including the operation of the clearing mechanism and an explanation of any exchange or clearing house guarantees; and
- (5) If the commodity futures option is incapable of being liquidated by an offsetting transaction on or subject to the rules of the commodity futures exchange on which it is traded, a statement to the effect that,
- (i) the price of the commodity futures contract underlying the option must either rise above or fall below (as the case may be) the striking price by an amount in excess of the sum of the premium and all other costs incurred in entering into and exercising the commodity futures option in order for the option customer to realize a profit on the option transaction, and
 - (ii) an option customer will be unable to sell any option purchased in any market to recover any of the purchase price, but rather may only liquidate by exercising an option before the expiration date of the option.
- (6) A clear explanation of the effect of any foreign currency fluctuations with respect to the commodity options being offered.
- (7) A form of acknowledgement in substantially the following form:

4. Notwithstanding section 6 of the Act, where the Minister is of the opinion that the financial resources available to a municipality, after payment to the municipality of the maximum amount of the capital grant prescribed under that section would be insufficient to pay for a building project or for the municipality's share of a building project under an agreement for the joint establishment of the community recreation centre, as the case may be, without placing an undue financial burden on the municipality, the maximum amount of the grant that may be paid shall not exceed the lesser of \$150,000 or 50 per cent of the cost of the building project or of the value of the municipality's contribution, as the case may be. O. Reg. 236/75, s. 4.

 - (i) the owner or lessee of, or
 - (ii) pursuant to an agreement in writing, otherwise legally entitled to use,

(2) Where the plans and specifications or sketch, as the case may be, show that any part of a building project is used or will be used for a purpose not included in section 2, the Minister may require the applicant to furnish further particulars about the use or proposed use including the extent of the use and the name of any organization or person engaging or proposed to engage in the use. O. Reg. 236/75, s. 6.

7.—(1) An application for payment of a capital grant shall be made to the Minister in a form prescribed by the Minister within three years after the expenditure by the applicant of the amount or amounts applied for.

- (c) where the applicant is an approved corporation, a board or a band, a copy of the by-law or resolution providing for the establishment of the community recreation centre.

(3) The Minister may require an applicant who files a statement under clause (2) (a) to furnish such further particulars as the Minister deems necessary to establish the actual cost of the building project and may require a valuation of the building project to be made by an appraiser with qualifications acceptable to the Minister. O. Reg. 236/75, s. 7.

8. Where a municipality, board, band or approved corporation changes the site or use of, or structurally alters, sells, leases, mortgages or otherwise disposes of an interest in a community recreation centre for which payment of a capital grant has been made, without the approval in writing of the Minister, or where such approval has been given, is in default of any condition for repayment imposed under section 10 of the Act, the whole or any part of the grant may be recovered as a debt due to the Crown in right of Ontario from the municipality, board, band or approved corporation, as the case may be,

- (a) out of moneys payable by Ontario to the municipality, board, band or approved corporation, under the authority of any Act; or

PART II

DISCLOSURE

18. In this Part,

- (a) "annual percentage rate" means for the purposes of sections 19 and 20 a percentage that is 365 times greater than a daily percentage rate that, when multiplied by the balance of the principal sum outstanding at the end of each day during the term of the contract will produce a sum that equals the cost of borrowing, or sums, the total of which equal the cost of borrowing;
- (b) "approximately" means an interval or amount that does not vary from the average interval or amount by more than 10 per cent;
- (c) "median amount" means an amount that is half way between one amount and another amount;
- (d) "payment period" means the number of days that elapse between the dates upon which a payment is required in an agreement;
- (e) "principal sum" means the sum stated in clause 24 (a) or (c) of the Act, which shall be deemed to be unpaid or outstanding for at least one day, and the unpaid balances thereof from time to time outstanding but does not include any amount or amounts that are components of the cost of borrowing;
- (f) "regular payment contract" means a contract in which payments are required at approximately equal intervals and in ap-

proximately equal amounts during the term of the contract. R.R.O. 1970, Reg. 128, s. 13; O. Reg. 258/74, s. 4.

19. The percentage required by clause 24 (c) of the Act shall be calculated, expressed and applied with respect to an extension of credit in the following manner:

1. Subject to paragraphs 4 and 5 and to section 20, the percentage that a lender shall disclose with respect to an extension of credit shall be the annual percentage rate applicable to the contract.
2. The annual percentage rate shall be deemed to have been charged not in advance on the principal sum from time to time outstanding, so long as the payments required to be made by the borrower are made as they become due and such payments are applied first to the reduction of the accrued cost of borrowing.
3. For the purposes of paragraph 2, the cost of borrowing shall be deemed to be charged daily and summed until the next succeeding payment becomes due and the accrued cost of borrowing is that amount which is so charged and summed at any given time.
4. Where a contract provides for approximate monthly payment periods, the rate that shall be deemed to have been applied monthly under paragraphs 1, 2 and 3 shall be one-twelfth of the annual percentage rate.
5. Where a contract provides for payments at periods other than approximately monthly, the rate that shall be deemed to have been applied under paragraphs 1, 2 and 3 with respect to each payment shall be the same fraction of the annual percentage rate that the payment period is of one year. R.R.O. 1970, Reg. 128, s. 14; O. Reg. 258/74, s. 5.

20.—(1) In this section, "amount of the credit" means the sum stated in clause 24 (a) or (c) of the Act. R.R.O. 1970, Reg. 128, s. 15 (1); O. Reg. 258/74, s. 6 (1).

(2) The annual percentage rate required to be disclosed under section 19 may be a rate that differs by not more than one per cent from the annual percentage rate that the cost of borrowing bears to the amount of the credit, except that a greater arithmetic difference may be permitted in a regular payment contract, in which case the annual percentage rate required to be disclosed may be the actual annual percentage rate that the cost of borrowing bears to an amount that differs by not more than \$5 from the amount of the credit. R.R.O. 1970, Reg. 128, s. 15 (2).

(3) In addition to the tolerance permitted by subsection (2), where the due date of the first instalment in an extension of credit having approximately monthly payments and a term of six months or more is not less than fifteen or more than forty-five days after the credit is advanced, it may be deemed by the lender, for the purposes of the statement required by section 24 of the Act, that the credit was advanced on a date not more than thirty-one days immediately prior to the due date of the first instalment. R.R.O. 1970, Reg. 128, s. 15 (3); O. Reg. 258/74, s. 6 (2).

21.—(1) Subject to subsections (2), (3) and (4), the annual percentage or scale of annual percentages that a lender shall disclose pursuant to clause 25 (2) (a) and to section 26 of the Act shall be the rate or scale of annual percentage rates that, when applied in the manner prescribed in subsection (2) or (3) of this section to the unpaid balance at the end of the preceding month or period, will yield a sum that equals the cost of borrowing, or sums, the total of which equals the cost of borrowing. R.R.O. 1970, Reg. 128, s. 16 (1); O. Reg. 258/74, s. 7.

(2) Where a contract for variable credit provides for monthly payments, the percentage rate that shall be applied monthly under subsection (1) shall be one-twelfth of the annual percentage rate.

(3) Where a contract for variable credit provides for payments at periods other than monthly, the percentage rate that shall be applied under subsection (1) with respect to each payment period shall be the same fraction of the annual percentage rate that the payment period is of one year.

(4) For the purposes of subsection (1), the cost of borrowing may be computed within a range,

- (a) not in excess of \$10 on the median amount in a selected range of outstanding balances, where the largest amount in the range is not more than \$1,000; or
- (b) not in excess of \$20 on the median amount in a selected range of outstanding balances where the smallest amount in the range is more than \$1,000,

so long as the cost of borrowing is applied to all outstanding balances within the range. R.R.O. 1970, Reg. 128, s. 16 (2-4).

22.—(1) In this section,

- (a) "denominator" means the sum of the balances of the obligation at the beginning of the contract and at the end of each period in accordance with the schedule of payments required as originally scheduled;
- (b) "lender" includes any assignee of the lender;

(c) "numerator" means the sum of the balances at the beginning of the contract and the balances unpaid at the end of each period up to the date of full payment of the total obligation;

(d) "obligation" means the total amount payable when the contract was entered into;

(e) "period" means an interval of time not in excess of thirty-one days;

(f) "unit" means the amount produced by dividing the obligation by the number of months in the contract.

(2) Subject to subsections (4), (5), (6), (7), (8), (9) and (10), where an amount, due under an extension of credit wherein the cost of borrowing is precomputed, is paid in advance of the due date, the lender may retain a proportion of the cost of borrowing calculated, when the amount of the obligation is fully paid, by dividing the numerator by the denominator, so long as the period in the numerator is equal to the period in the denominator, to produce a fraction, which fraction shall be multiplied by the cost of borrowing and the resultant sum is the amount to be retained by the lender.

(3) Where the original term of the transaction is varied by one or more extensions of payment, the extended payment or payments shall be deemed to have been made as originally scheduled.

(4) Subject to subsections (5) and (6), the lender shall allow the borrower a rebate of the cost of borrowing less the retention allowed the lender under subsection (2).

(5) Except where the prepayment is made under an arrangement for refinancing or for the extension of additional credit, the lender is entitled, in addition to the amount allowed under subsection (2), to retain an amount equal to not more than \$20 or one-half of the rebate as computed in subsection (4), whichever is the lesser, and the borrower is entitled to a rebate of the remainder of the cost of borrowing.

(6) Where the rebate required to be given under subsection (4) is less than \$2, the borrower is not entitled to the rebate.

(7) Where a payment is received after it had become due, the lender may deem that the payment had been received on the instalment due date.

(8) Where a payment is received before it is due, the lender shall deem that the payment has been received not later than the end of the period in which the payment has been received.

(9) Where a regular payment contract requires payments monthly or more frequently or less frequently

than monthly and the obligation is paid in full before the term of the contract has expired, the obligation shall be deemed by the lender to have been substantially prepaid if the actual balance due, exclusive of default charges, at the end of the period immediately preceding the date of the payment in full plus the greater of one unit or 15 per cent of the obligation is less than the balance at the end of the preceding period as such balance was originally scheduled.

(10) Notwithstanding subsection (8), where the obligation has not been substantially prepaid as described in subsection (9), the lender may deem that the balances in the numerator are identical to the balances in the denominator up to the end of the period preceding the payment in full or up to the end of the period in which the payment in full is made, whichever period date is nearest to the actual date of the payment in full. R.R.O. 1970, Reg. 128, s. 17.

23.—(1) For the purposes of section 28 of the Act, "paid in full" includes the consolidation in an agreement to extend credit of a sum owing under a previous agreement to extend credit. R.R.O. 1970, Reg. 128, s. 18 (1); O. Reg. 258/74, s. 8.

(2) Where a borrower or a buyer, as the case may be, pays in full under the circumstances referred to in subsection (1), the amount allowed to the borrower or buyer shall be determined under section 22 and shall include the unearned portion of any insurance premium required to be paid by the borrower or the buyer under the original agreement. R.R.O. 1970, Reg. 128, s. 18 (2).

24.—(1) Where a lender represents, or causes to be represented, in print, his charge for credit, the lender shall provide an example of the calculation of the charge and the rate represented thereby. R.R.O. 1970, Reg. 128, s. 19 (1).

(2) The representations required to be made by a lender under section 29 of the Act,

- (a) shall, in the case of a lender who advertises in a place other than his business premises, be printed on the advertisement;
- (b) may, in the case of a lender who advertises in his business premises, be omitted from the advertisement, so long as a statement is printed on the advertisement that the charge for credit and the calculation therefor and the other terms of the credit transaction may be obtained from a source on the lender's business premises; and
- (c) shall, where the advertisement is printed on a page in a catalogue, refer to a page or pages in the catalogue where the charge for credit and the calculation therefor and the other terms of the credit transaction may be obtained. R.R.O. 1970, Reg. 128, s. 19 (2); O. Reg. 258/74, s. 9.

(3) Where a lender represents, or causes to be represented, orally his charge for credit by radio or television broadcast, or otherwise, the lender shall provide an example of the calculation of the charge and the rate represented thereby. R.R.O. 1970, Reg. 128, s. 19 (3).

25. A request for voluntary cancellation of registration pursuant to subsection 7 (7) of the Act shall be in Form 4. O. Reg. 684/75, s. 3.

 - (ii) its earned depletion base as of the end of the year, before making any deduction under this section for the year; and

- (b) an amount equal to 33 $\frac{1}{3}$ per cent of the amount, if any, of its resource profits from mining operations for the year. O. Reg. 147/78, s. 2, *part*; O. Reg. 611/79, s. 3.

104.—(1) For the purposes of computing the earned depletion base of a corporation, where after the 19th day of April, 1977 and after the corporation last ceased to carry on active business, control of the corporation is considered, for the purposes of subsection 66 (11) of the *Income Tax Act* (Canada), to have been acquired by a person or persons who did not control the corporation at the time when it so ceased to carry on

active business, the amount by which the earned depletion base of the corporation at the time it last ceased to carry on active business exceeds the aggregate of amounts otherwise deducted under section 103 in computing its income for taxation years after that time and before control was so acquired, shall be deemed to have been deducted under section 103 by the corporation in computing its income for taxation years ending before control was so acquired. (4) Notwithstanding subsection (1), where, under a comprehensive insurance contract, the insured crop is damaged by hail or frost and the actual harvested yield exceeds the average yield, the coverage provided shall be the percentage determined under subsection (1) of the sum of the average yield and 50 per cent of the excess yield harvested, but in no case shall the maximum indemnity exceed that for which the Commission is otherwise liable.

(5) Subsection (4) does not apply where the insured crop is insured under a limited insurance contract.

Crop Insurance Act (Ontario)

CONTRACT OF INSURANCE

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART

—and—

..... of the.....of.....

in the County (or as the case may be) ofhereinafter referred to as "THE INSURED PERSON",

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance on apples under The Ontario Crop Insurance Plan for Apples, hereinafter referred to as "the plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder where in a crop year the insured person suffers a loss in the production of apples resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of apples produced in Ontario but does not include crabapples.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against, and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
(b) a shortage of labour or machinery;
(c) insect infestation or plant disease; or
(d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
(b) that, in the opinion of the Commission, is not insurable.

CROP YEAR

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
(b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph (1), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where, under a comprehensive insurance contract, the insured crop or any part thereof has suffered hail, freeze, frost, hurricane or tornado damage to such an extent that the grade has been reduced, the actual production thereof for the purpose of subparagraph (1) shall be deemed to be reduced by the amount obtained by multiplying the actual production in pounds by the following factors:

1. Canada Fancy reduced to Juice Grade—

$$1 - \frac{\text{Juice Grade price per pound less } 1\text{¢}}{(3 \times \text{Juice Grade price per pound})}$$

2. Canada Fancy reduced to Peeler or C Grade—

$$\frac{1 \text{ minus Fancy to Juice Grade Factor}}{2}$$

3. Peeler or C Grade reduced to Juice Grade—

$$\frac{1 \text{ minus Fancy to Juice Grade Factor}}{2}$$

(4) Where the damage mentioned in subparagraph (3) was caused by hail or frost, the amount of the reduction attributable to hail or frost calculated under subparagraph (3) shall be deemed to be increased by 12 per cent for the purpose of calculating the reduction in actual production.

(5) Subparagraphs (3) and (4) do not apply where the insured crop is insured under a limited insurance contract.

(6) Where the actual production of the insured crop or any part thereof has been adjusted as a result of hail or frost damage and such crop or part thereof is subsequently sold as a grade superior to that upon which the adjustment was based, the actual production shall be readjusted accordingly.

NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph (1), where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

- 1. For hail or hurricane or tornado damage, within three days of the time of loss.
- 2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

(3) Where the insured person fails to notify the Commission under subparagraphs (1) and (2), a claim by the insured person is invalid and his right to indemnity is forfeited.

7. Where the insured person,

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

11.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the

indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

12.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 10.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

13. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

14.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under the contract at an earlier date.

SUBROGATION

15. Where the Commission has paid a claim under this contract, the Commission is subrogated to the

extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

(4) Where a loss resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

Form 1

Crop Insurance Act (Ontario)

BLACK TOBACCO ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for black tobacco under The Ontario Crop Insurance Plan for Black Tobacco, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover black tobacco.

HARVESTING OF PLANTED ACREAGE

1. All acreage planted to black tobacco in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

EVALUATION OF LOSS

2.—(1) Where loss or damage occurs at any time after the completion of planting, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) replanting of the damaged acreage and, in such case, the replanting shall be completed not later than the 15th day of June in the crop year or not later than such other date as may be determined from time to time by the Commission; or
- (b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where the damaged acreage is replanted to the insured crop in accordance with clause (1) (a), the contract of insurance shall continue to apply to such replanted acreage.

(3) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause (1) (b), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the potential production for the damaged acreage by the established price per pound.

(4) Where the damaged acreage is not used for any other purpose or the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(6) Where, as a result of an insured peril, the insured crop or any part thereof is reduced in market value, the actual yield of the crop or part thereof so damaged shall be deemed to be reduced in the ratio of the price received to the contract price for black tobacco in respect of the crop year.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

3. The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per pound.

VARIATION IN PLANTED ACREAGE

4. Where the actual planted acreage of the insured crop is less than the acreage stated in the application, the insured person shall, not later than the 1st day of August, notify the Commission in writing and the total guaranteed production and the maximum amount of indemnity shall be reduced proportionately.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

OF THE SECOND PART.

WHEREAS the insured person has applied for crop insurance on one or more crops under The Crop Insurance Plan for Cabbage and Carrots, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not insure against and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease unless recommended spray programs were followed; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted in the crop year to cabbage and carrots on the farms operated by him in Ontario, whether grown under contract or not and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to an insured crop,

- (a) that was not adequately prepared for cropping purposes;
- (b) that, in the opinion of the Commission, is not insurable;
- (c) for which a contract between the insured person and the processor is not in effect; or
- (d) on which the insured crop is a volunteer crop.

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance, the insured person shall, not later than the 15th day of July, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of an insured crop is less than that stated in the application for insurance, the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of an insured crop is more than that stated in the application for insurance, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the income of the insured person unless the processor increases the contract acreage accordingly.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to an insured crop in the crop year shall be harvested for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is noon on the 1st day of November or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (2), no indemnity shall be paid in respect of unharvested acreage.

STAGE 1

5.—(1) Stage 1 comprises the period from the date on which the planting of the acreage is completed to the 30th day of June.

(2) Where any part of the insured crop is lost or damaged in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage; or
- (b) the abandonment or destruction of the insured crop on such damaged acreage and in such case the Commission shall determine the number of damaged acres and the potential value of production thereof.

(3) Where the damaged acreage is replanted to the insured crop in accordance with clause (2) (a), the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is abandoned or destroyed in accordance with clause (2) (b), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as,

- (a) 50 per cent of the coverage applicable to the damaged acreage; or
- (b) the difference between the coverage and the potential value of production for the damaged acreage,

whichever is the lesser.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

6.—(1) Stage 2 commences on the 1st day of July and for any part of the planted acreage ends with the completion of harvesting of such part.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential value of production thereof.

(3) Where,

- (a) damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (2); or
- (b) the harvesting of any planted acreage is not completed on the date determined therefor,

the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the amount by which the coverage for the damaged or unharvested acreage, as the case may be, exceeds the potential value of production determined therefor.

(4) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where the actual value of production of the acreage harvested determined in the manner prescribed by section 10 of the plan is less than the coverage for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the difference between the coverage and the actual value of production.

EVALUATION OF LOSS

7. The amount of loss that shall be taken into account in the final adjustment of loss is the amount by which the total coverage prescribed by section 9 of the plan exceeds the sum of,

- (a) the total value of production of the insured crop or crops for the crop year determined in

the manner prescribed by section 10 of the plan as evidenced by the processor's statement of production;

- (b) the value as determined by the Commission of the potential production of acreage unharvested for reasons other than the insured perils; and
- (c) any loss sustained by reason of a peril other than the perils designated in the plan.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

8. Where the insured person,

- (a) in the application for insurance,
 - (i) gives false particulars of an insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of an insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

9. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

10. Notwithstanding that a person other than the insured person holds an interest of any kind in an insured crop, for the purposes of this contract,

- (a) the interest of the insured person in an insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 11, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

11. The insured person may assign all or part of his right to indemnity under this contract in respect of an insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form approved by the Commission; and
- (b) the Commission consents thereto in writing.

12.—(1) Where loss or damage to an insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within three days of such time.

(2) Where loss or damage to an insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(3) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of an insured crop,

- (a) the actual value of production of the insured crop determined in the manner prescribed by section 10 of the plan is less than the total insured coverage; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

ABANDONMENT, DESTRUCTION OR
ALTERNATE USE

13.—(1) Acreage planted to an insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph 1 shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage for processing.

ADJUSTMENT OF LOSS

14.—(1) The indemnity payable for loss or damage to an insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of an insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of an insured crop unless the insured person establishes,

- (a) the total value of production of the insured crop for the crop year; and
- (b) that the loss in income or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

15.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the last of the insured crops; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 11.

(4) Where required by the Commission, the information given in a proof of loss shall be verified by statutory declaration.

ARBITRATION

16. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

17.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

18. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

19. The Commission has a right of entry to the premises of the insured person that may be enforced by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

20.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the income of the insured person unless the processor increases the contract acreage accordingly.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is noon on the 1st day of November or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (2), no indemnity shall be paid in respect of unharvested acreage.

STAGE 1

5.—(1) Stage 1 comprises the period from the date on which the planting of the acreage is completed to the 30th day of June.

(2) Where any part of the insured crop is lost or damaged in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage; or
- (b) the abandonment or destruction of the insured crop on such damaged acreage and in such case the Commission shall determine the number of damaged acres and the potential value of production thereof.

(3) Where the damaged acreage is replanted to the insured crop in accordance with clause (2) (a), the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is abandoned or destroyed in accordance with clause (2) (b), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as,

- (b) the difference between the coverage and the potential value of production for the damaged acreage,

whichever is the lesser.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

(3) Where,

- (a) damaged acreage is used for any other purpose or the insured crop thereon is abandoned

or destroyed in accordance with subparagraph (2); or

- (b) the harvesting of any planted acreage is not completed on the date determined therefor,

the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the amount by which the coverage for the damaged or unharvested acreage, as the case may be, exceeds the potential value of production determined therefor.

(4) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where the actual value of production of the acreage harvested determined in the manner prescribed by section 10 of the plan is less than the coverage for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the difference between the coverage and the actual value of production.

EVALUATION OF LOSS

7. The amount of loss that shall be taken into account in the final adjustment of loss is the amount by which the total coverage prescribed by section 9 of the plan exceeds the sum of,

- (a) the total value of production of the insured crop for the crop year determined in the manner prescribed by section 10 of the plan as evidenced by the processor's statement of production;
- (b) the value as determined by the Commission of the potential production of acreage unharvested for reasons other than the insured perils; and
- (c) any loss sustained by reason of a peril other than the perils designated in the plan.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

8. Where the insured person,

- (a) in the application for insurance,

- (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;

(b) contravenes a term or condition of the contract of insurance;

(c) commits a fraud in respect of the insured crop; or

(d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

9. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

10. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 11, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

11. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form approved by the Commission; and
- (b) the Commission consents thereto in writing.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(3) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual value of production of the insured crop determined in the manner prescribed by section 10 of the plan is less than the total insured coverage; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

13.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage for processing.

ADJUSTMENT OF LOSS

14.—(1) The indemnity payable for loss or damage to an insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the total value of the production of the insured crop for the crop year; and
- (b) that the loss in income or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

15.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or

(b) the end of the crop year, whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 11.

(4) Where required by the Commission, the information given in a proof of loss shall be verified by statutory declaration.

ARBITRATION

16. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

17.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

18. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

2. The purpose of this plan is to provide for insurance against a loss in the production of coloured beans resulting from one or more of the perils designated in section 4.

INTERPRETATION

3. In this plan,

(a) "average farm yield" means the average of previous yields of the seeded acreage computed on the basis of acreage production records of the insured person or on such other basis as the Commission approves;

(b) "coloured beans" means,

(i) Azuki,

(ii) Black Turtle Soup,

(iii) Cranberry,

(iv) Kidney,

(v) Pinto,

(vi) Yellow-eye,

and such other varieties as may be declared insurable from time to time by the Commission;

(c) "kilogram" means a kilogram of coloured beans, the moisture content of which is not more than 18 per cent and the damage or foreign material content of which is not more than 2 per cent.

DESIGNATION OF PERILS

4. The following are designated perils for the purposes of this plan:

1. Drought.
2. Excessive moisture.
3. Excessive rainfall.
4. Flood.
5. Frost.
6. Hail.
7. Insect infestation.
8. Plant disease.
9. Wind.

DESIGNATION OF CROP YEAR

5. The crop year for coloured beans is the period from the 1st day of March in any year to the last day of February next following.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance for coloured beans shall be deemed to be comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 231 of Revised Regulations of Ontario, 1980;
- (b) an endorsement for coloured beans in Form 1;
- (c) the application for insurance;
- (d) the final acreage report for each crop year; and
- (e) any amendment to a document referred to in clause (a), (b), (c) or (d) agreed upon in writing.

7. An application for insurance shall,

- (a) be in Form 2;
- (b) be accompanied by a premium deposit of,
 - (i) \$1 per acre, or

(ii) \$15,

whichever is the greater; and

(c) be filed with the Commission not later than the 1st day of May in the crop year.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections (2), (3) and (4), the coverage provided under a contract of insurance shall be 70 per cent of the average farm yield in kilograms of the total acreage seeded to coloured beans by the insured person in accordance with the regulations.

(2) For the first year in which a contract of insurance is in force, the average farm yield shall be established by the Commission and for succeeding years the actual yield of the insured person shall be taken into account until a five year average is established.

(3) The coverage provided under subsections (1) and (2) shall be increased following each consecutive no claim year as follows:

1. Following the first no claim year, to 73 per cent of the average farm yield.
2. Following the second no claim year, to 76 per cent of the average farm yield.
3. Following the third no claim year, to 78 per cent of the average farm yield.
4. Following the fourth no claim year, to a maximum of 80 per cent of the average farm yield.

(4) The coverage provided by subsections (1), (2) and (3) shall be decreased for claim years from the insured level in reverse progression to that prescribed

by subsection (3), except that where a claim occurs in a year when the coverage is 70 per cent, the coverage shall be reduced to a minimum of 65 per cent.

(5) Where, in any year, a claim is paid in an amount less than half of the total premium for that year, the coverage for the following year shall remain unchanged.

(6) The number of kilograms determined under subsections (1), (2), (3) and (4) constitutes the total guaranteed production under a contract of insurance.

10. For the purposes of this plan, the established price for coloured beans is,

(a) 28¢;

(b) 32¢; or

(c) 36¢,

per kilogram.

11.—(1) Where,

(a) the insured person applies therefor in writing on or before the 1st day of May in a crop year; and

(b) the Commission consents in writing,

any established price designated in section 10 may be substituted for the established price selected by the insured person at the time a contract of insurance is made, or any established price substituted in lieu thereof under this section.

(2) Where, upon any renewal, the insured person fails to select an established price under subsection (1), the Commission may designate the established price applicable to the contract for the crop year.

12. The maximum indemnity payable for a loss in production of coloured beans in a crop year is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price per kilogram determined under section 10.

PREMIUM

13.—(1) The total premium is,

(a) \$16.80 per acre where the established price is 28 cents per kilogram;

(b) \$19.20 per acre where the established price is 32 cents per kilogram; and

(c) \$21.50 per acre where the established price is 36 cents per kilogram.

(2) Notwithstanding subsection (1), the minimum premium payable by an insured person in each crop year is \$15.

(3) The premium prescribed by subsections (1) and (2) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

14.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to coloured beans.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 15.

FINAL ACREAGE REPORT

15.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after the seeding of acreage to coloured beans is completed.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

16.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report and adjustment of premium made by the Commission under subsection (1) unless, within ten days from the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision and adjustment.

(3) Where the Commission receives notice from an insured person under subsection (2), it shall notify

the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

17.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(a) prepare the final acreage report; or

(b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days from the mailing or delivery to him of a copy of the report.

FINAL SEEDING DATE

18. For the purposes of this plan, the final date for seeding coloured beans in a crop year is the 1st day of July or such other date as may be determined from time to time by the Commission.

19. All acreage seeded to coloured beans shall be insured under one contract.

Form 1

Crop Insurance Act (Ontario)

COLOURED BEAN ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for coloured beans under The Ontario Crop Insurance Plan for Coloured Beans, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover coloured beans.

HARVESTING OF SEEDED ACREAGE

1.—(1) All acreage seeded to coloured beans in a crop year shall be harvested as coloured beans unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) Where the harvesting of any seeded acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2.—(1) Where,

- (a) the insured so elects on his application for insurance and pays a premium deposit of \$1 for each acre intended to be sown to a spring sown crop; and
- (b) the seeding or planting of three acres or more of a crop is prevented by one or more of the designated perils,

an indemnity shall be paid in respect of each acre unplanted, the amount of which shall correspond to the guaranteed production of the spring sown crop highest in priority on the list in the Table of those intended to be grown and insured by the insured person.

(2) Where the insured person seeds or plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage

so seeded or planted shall be applied against the regular premium.

(3) Where the insured person seeds or plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(4) Where the insured person seeds or plants a crop which is listed in the Table and fails to insure the crop, the premium deposit in respect of acreage so planted shall be retained by the Commission as payment for the coverage provided.

(5) Where the insured person is unable to seed or plant acreage designated on the application as intended to be sown to a spring sown crop, the premium deposit in respect of such acreage shall be retained by the Commission as part payment for the coverage provided and the insured person shall pay the balance of premium in the amount of \$1 for each acre unseeded or unplanted.

(6) This paragraph does not apply to, and no indemnity is payable in respect of any land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow; or
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs prior to the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the reseeded of the damaged acreage.

(2) Where the damaged acreage is reseeded in accordance with subparagraph (1), the Commission shall pay a supplementary benefit to the insured person calculated at the rate of \$30 for each reseeded acre.

(3) Where the damaged acreage is reseeded to coloured beans, the contract of insurance shall continue to apply to such reseeded acreage.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where the damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the final adjustment of loss in

respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price per kilogram.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per kilogram.

(5) Where the damaged or foreign material content of the insured crop exceeds 2 per cent, the actual production thereof shall be deemed to be reduced in an amount to be determined by the Commission to compensate the insured person for the cost of removal of pick.

FINAL ADJUSTMENT OF LOSS FOR TOTAL INSURED ACREAGE

5. The indemnity payable with respect to the total insured acreage in the final adjustment of loss shall be the sum of all loss calculations made under paragraphs 2, 3 and 4 applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price per kilogram.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

6.—(1) Where the actual seeded acreage of coloured beans in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual seeded acreage of coloured beans in a crop year exceeds the seeded acreage declared on the final acreage report, the production from the total seeded acreage shall be counted and there shall be no increase in the total guaranteed

production or the maximum amount of indemnity payable.

1. The plan in the Schedule is established for the insurance within Ontario of corn. O. Reg. 187/72, s. 1.

Schedule

Crop Insurance Act (Ontario)

PLAN

1. This plan may be cited as "The Ontario Crop Insurance Plan for Corn".

2. The purpose of this plan is to provide for insurance against a loss in the production of corn resulting from one or more of the perils designated in section 4.

INTERPRETATION

3. In this plan,

- (a) "average farm yield" means the average of previous yields of the seeded acreage computed on the basis of acreage production records of the insured person or on such other basis as the Commission approves;
- (b) "bushel" means 56 pounds of shelled corn, the kernel moisture content of which does not exceed 15.5 per cent;
- (c) "corn" means corn for the purpose of harvesting as corn silage or grain corn, but does not include sweet corn or pop corn;
- (d) "corn silage" means silage produced from whole corn plants;
- (e) "grain corn" means shelled corn or ear corn.

DESIGNATION OF PERILS

4. The following are designated as perils for the purposes of this plan:

- 1. Drought.
- 2. Excessive moisture.
- 3. Excessive rainfall.

- 4. Flood.
- 5. Frost.
- 6. Hail.
- 7. Insect infestation.
- 8. Plant disease.
- 9. Wildlife.
- 10. Wind.

DESIGNATION OF CROP YEAR

5. The crop year for corn is the period from the 1st day of March in any year to the 30th day of June in the calendar year next following.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance for corn shall be deemed to be comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 231 of Revised Regulations of Ontario, 1980;
- (b) an endorsement for corn in Form 2;
- (c) the application for insurance;
- (d) the final acreage report for each crop year; and
- (e) an amendment to any document referred to in clause (a), (b), (c) or (d) agreed upon in writing.

7. An application for insurance shall,

- (a) be in Form 1;
- (b) be accompanied by a premium deposit of,
 - (i) \$1 per acre, or
 - (ii) \$15,

whichever is the greater; and

- (c) be filed with the Commission not later than,

- (i) the 1st day of May, or
 - (ii) for areas north of and including Manitoulin, Parry Sound and Haliburton, the 15th day of May,
- in the crop year in respect of which it is made.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections (2) and (3), the coverage provided under a contract of insurance shall be 70 per cent of the average farm yield in bushels or tons of the total acreage seeded to corn by the insured person in accordance with the regulations.

(2) The coverage provided under subsection (1) shall be increased following each consecutive no claim year as follows:

1. Following the first no claim year to 73 per cent of the average farm yield.
2. Following the second no claim year to 76 per cent of the average farm yield.
3. Following the third no claim year to 78 per cent of the average farm yield.
4. Following the fourth no claim year to a maximum of 80 per cent of the average farm yield.

(3) The coverage provided under subsections (1) and (2) shall be decreased for claim years from the insured level in reverse progression to that prescribed by subsection (2), except that where a claim occurs in a year when the coverage is 70 per cent, the coverage shall be reduced to a minimum of 65 per cent.

(4) Where, in any year, a claim is paid in an amount less than half of the total premium for that year, the coverage for the following year shall remain unchanged.

(5) For the purposes of this plan, six bushels of grain corn are deemed to be the equivalent of one ton of corn silage.

(6) The number of bushels or tons determined under subsections (1), (2) and (3) constitutes the total guaranteed production under a contract of insurance.

10. The maximum indemnity payable for a loss in production of corn is the amount obtained by multiplying the product of the guaranteed production per acre determined under section 9 and the number of acres intended for harvesting as grain corn or corn silage by the established price determined under section 11.

11.—(1) For the purposes of this plan the established price for grain corn is,

(a) \$2; or

(b) \$2.50,

per bushel.

(2) Where,

(a) the insured person applies therefor in writing on or before the 1st day of May in a crop year; and

(b) the Commission consents in writing,

any established price designated herein may be substituted for the established price selected by the insured person at the time a contract of insurance is made, or any established price substituted in lieu thereof under this section.

(3) Where, upon any renewal, the insured person fails to select an established price pursuant to subsection (2), the Commission may designate the established price applicable to the contract for the crop year.

PREMIUMS

12.—(1) The total premium is,

(a) \$9.20 per acre where the established price is \$2 per bushel; and

(b) \$11.40 per acre where the established price is \$2.50 per bushel.

(2) Notwithstanding subsection (1), the minimum premium payable by an insured person in each crop year is \$15.

(3) The premium prescribed by subsections (1) and (2) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop

year in which the insured person seeds acreage to corn.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 14.

FINAL ACREAGE REPORTS

14.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after seeding is completed or within such other time as may be determined by the Commission.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

15.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report and adjustment of premium made by the Commission under subsection (1) unless, within ten days from the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision and adjustment.

(3) Where the Commission receives notice from an insured person under subsection (2), it shall notify the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall

refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

16.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(a) prepare the final acreage report; or

(b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days from the mailing or delivery to him of a copy of the report.

FINAL SEEDING DATE

17. For the purposes of this plan the final date for seeding corn in a crop year is the 1st day of July or such other date as may be determined from time to time by the Commission.

Form 2

Crop Insurance Act (Ontario)

CORN ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for corn under The Ontario Crop Insurance Plan for Corn, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover corn.

HARVESTING OF SEEDED ACREAGE

1.—(1) All acreage seeded to corn shall be harvested as corn silage or grain corn unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose;
- (b) the abandonment or destruction of the insured crop or any part thereof; or
- (c) the harvest of any insured acreage prior to the 5th day of September in any crop year.

(2) Where the harvesting of any seeded acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2.—(1) Where,

- (a) the insured person so elects on his application for insurance and pays a premium deposit of \$1 for each acre intended to be sown to a spring sown crop; and
- (b) the seeding or planting of three acres or more of a crop is prevented by one or more of the designated perils,

an indemnity shall be paid in respect of each acre unplanted, the amount of which shall correspond to the guaranteed production of the spring sown crop highest in priority on the list in the Table of those intended to be grown and insured by the insured person.

(2) Where the insured person seeds or plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage

so seeded or planted shall be applied against the regular premium.

(3) Where the insured person seeds or plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(4) Where the insured person seeds or plants a crop which is listed in the Table and fails to insure the crop, the premium deposit in respect of acreage so planted shall be retained by the Commission as payment for the coverage provided.

(5) Where the insured person is unable to seed or plant acreage designated on the application as intended to be sown to a spring sown crop, the premium deposit in respect of such acreage shall be retained by the Commission as part payment for the coverage provided and the insured person shall pay the balance of premium in the amount of \$1 for each acre unseeded or unplanted.

(6) This paragraph does not apply to, and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs prior to the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the reseeded of the damaged acreage.

(2) Where the damaged acreage is reseeded in accordance with subparagraph (1), the Commission shall pay a supplementary benefit to the insured person calculated at the rate of \$15 for each reseeded acre.

(3) Where the damaged acreage is reseeded to corn, the contract of insurance shall continue to apply to such reseeded acreage.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price.

FINAL ADJUSTMENT OF LOSS FOR TOTAL INSURED ACREAGE

5. The indemnity payable with respect to the total insured acreage in the final adjustment of loss shall be the sum of all loss calculations made under paragraphs 2, 3 and 4 applicable to such acreage, but where,

(a) the actual production of any harvested acreage; or

(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

6.—(1) Where the actual seeded acreage of corn in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual seeded acreage of corn in a crop year exceeds the seeded acreage declared on the final acreage report, the total guaranteed production shall remain unchanged.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

Form 1

Crop Insurance Act (Ontario)

FLUE-CURED TOBACCO ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for flue-cured tobacco under The Ontario Crop Insurance Plan for Flue-cured Tobacco, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover flue-cured tobacco.

GENERAL TERMS AND CONDITIONS

1.—(1) Where the insured person is an owner with a sharegrower, he is eligible for insurance coverage only under Section A in respect of share-cropped allotment.

(2) Where the insured person is an owner who grows his own crop, he is eligible for insurance coverage under Sections A and B.

(3) Where the insured person himself grows all or part of his allotment, in order to obtain insurance under Section A, he must insure all his allotted poundage under a single contract.

(4) Where the insured person is a sharegrower, he is eligible for insurance coverage only under Section B.

2.—(1) It shall be the responsibility of the insured person to establish that sufficient acreage has been planted to yield the allotted poundage under normal growing conditions.

(2) Where, in the opinion of the Commission the insured person has not planted sufficient acreage to yield the allotted poundage under normal growing conditions, the insurance coverage and indemnity payable shall be reduced proportionately.

3. All acreage planted to flue-cured tobacco in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

(a) the use of the planted acreage or any part thereof for another purpose; or

(b) the abandonment or destruction of the insured crop or any part thereof.

EVALUATION OF LOSS

4. For the purpose of determining the loss in production of flue-cured tobacco in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in Sections A and B.

SECTION A

STAGE 1

5.—(1) Stage 1 comprises the period from the commencement of planting or noon of the 20th day of May first occurring in the crop year, whichever is the later, to noon of the 20th day of June in the crop year.

(2) Where loss or damage occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres.

(3) Where the damaged acreage is replanted to the insured crop pursuant to Section B, the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with subparagraph (2), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 40 per cent of the allotted poundage applicable to the damaged acreage by 45 per cent of the contract price per pound.

(5) Where the damaged acreage is not used for any other purpose or the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (4) shall not be taken into account in the final adjustment of loss.

(6) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and to calculate the amount of loss in the manner prescribed in subparagraph (4) with respect to such damaged acreage and, where notice of such intention has been given, the Commission shall calculate accordingly the amount of loss to be taken into account in the final adjustment of loss and the value of the insured crop on such damaged acreage shall not progress beyond Stage 1.

STAGE 2

6.—(1) Stage 2 commences at noon on the 20th day of June in the crop year and ends with the completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the insured crop is abandoned or destroyed in accordance with subparagraph (2), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 80 per cent of the allotted poundage applicable to the damaged

acreage less any potential production determined under subparagraph (2) by 45 per cent of the contract price per pound.

(4) Where the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Subject to subparagraph (6), where,

(a) one-half of the total gross income from the harvested acreage; or

(b) the actual production from the harvested acreage multiplied by 45 per cent of the contract price per pound,

is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting the lesser of the amounts calculated under clause (a) or (b) from the insurance coverage.

(6) The amount of loss calculated under subparagraph (5) shall be reduced by an amount equal to the rental value of any poundage allotment in respect of which a production claim is paid to the insured person.

SECTION B

STAGE 1

7.—(1) Stage 1 comprises the period from the commencement of planting or noon of the 20th day of May occurring first in the crop year, whichever is the later, to noon of the 20th day of June in the crop year.

(2) Where loss or damage occurs in Stage 1, the Commission upon application therefor in writing by the insured person may consent in writing to,

(a) one replanting of the damaged acreage and, in such case, the replanting shall be completed not later than the 20th day of June in the crop year or not later than such other date as may be determined from time to time by the Commission; or

(b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres.

(3) Where the damaged acreage is in excess of three acres and is replanted to the insured crop in accordance with clause (2) (a), the contract of insurance shall continue to apply to such replanted acreage and the Commission shall pay to the insured person a supplementary benefit of \$60 per acre replanted.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause (2) (b), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 40 per cent of the allotted poundage applicable to the damaged acreage by 30 per cent of the contract price per pound.

(5) Where the damaged acreage is not used for any other purpose or the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (4) shall not be taken into account in the final adjustment of loss.

(6) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and to calculate the amount of loss in the manner prescribed in subparagraph (4) with respect to such damaged acreage and, where notice of such intention has been given, the Commission shall calculate accordingly the amount of loss to be taken into account in the final adjustment of loss and the value of the insured crop on such damaged acreage shall not progress beyond Stage 1.

STAGE 2

8.—(1) Stage 2 commences at noon on the 20th day of June in the crop year and ends with the completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the insured crop is abandoned or destroyed in accordance with subparagraph (2), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying 80 per cent of the allotted poundage applicable to the damaged acreage less any potential production determined under subparagraph (2) by 30 per cent of the contract price per pound.

(4) Where the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where, upon completion of harvesting,

(a) one-half of the total gross income from the harvested acreage; or

(b) the actual production from the harvested acreage multiplied by 30 per cent of the contract price per pound,

is less than the insurance coverage of the insured person, the amount of loss that shall be taken into account in the final adjustment of loss shall be calculated by subtracting the lesser of the amounts calculated under clause (a) or (b) from the insurance coverage.

SALVAGE BENEFIT

9. Where three acres or more of the insured crop is damaged as a result of excessive moisture, excessive rainfall, flood, hail, wind or such other cause of loss as may be designated by the Commission from time to time and the insured person incurs unusual expense in salvaging the crop, the Commission may pay a supplementary benefit equal to the salvage cost or \$40 for each damaged acre, whichever is the lesser, but the total of the benefits payable in any crop year under subparagraph 7 (3) and under this paragraph shall in no case exceed \$80 multiplied by the number of insured acres.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

10.—(1) The total indemnity payable in the final adjustment of loss shall be the sum of all loss calculations but where,

(a) the actual production of any harvested acreage; or

(b) the potential production of any unharvested acreage,

exceeds the insurance coverage for such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by 75 per cent of the contract price per pound.

(2) Notwithstanding subparagraph (1), where the insured crop or any part thereof is destroyed by frost at any time after noon on the 1st day of October in the crop year, the Commission shall determine the potential thereof and shall reduce the indemnity otherwise payable in accordance with the Table.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) plant disease unless recommended spray programs were followed; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted in the crop year to the insured crop or crops on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) Where the actual planted acreage of an insured crop is less than that stated in the application for insurance, the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of an insured crop is more than that stated in the application for insurance, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the income of the insured person.

(b) the harvesting of any planted acreage is not completed on the date determined therefor,

the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the amount by which the coverage for the damaged or unharvested acreage, as the case may be, exceeds the potential value of production determined therefor.

(5) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (4) shall not be taken into account in the final adjustment of loss.

(6) Where the actual value of production of the acreage harvested determined in the manner prescribed by section 10 of the plan is less than the coverage for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the difference between the coverage and the actual value of production.

EVALUATION OF LOSS

6. The amount of loss that shall be taken into account in the final adjustment of loss is the amount by which the total coverage prescribed by section 9 of the plan exceeds the sum of,

(a) the total value of production of the insured crop or crops for the crop year determined in the manner prescribed by section 10 of the plan;

(b) the value as determined by the Commission of the potential production of acreage unharvested for reasons other than the insured perils; and

(c) any loss sustained by reason of a peril other than the perils designated in the plan.

(b) contravenes a term or condition of the contract of insurance;

(c) commits a fraud in respect of an insured crop; or

(d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, the maximum amount of indemnity and the premium payable shall not be increased but the income from the total planted acreage shall be included in establishing the production of the insured person unless the processor increases the contract acreage accordingly.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as green and wax beans for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is the 15th day of September or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (3), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) Where loss or damage to three acres or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission upon application therefor in writing by the insured person, may consent in writing to,

- (a) one replanting of the damaged acreage, provided that the replanting is completed not later than the 1st day of July;
- (b) the use of the damaged acreage for an alternate crop; or
- (c) the abandonment or destruction of the insured crop on such damaged acreage.

(2) Where the damaged acreage is replanted to green and wax beans in accordance with clause (1) (a), the Commission shall pay to the insured person a supplementary benefit of \$70 for each acre replanted and the contract of insurance shall continue to apply to such replanted acreage.

(3) Where the damaged acreage is used for an alternate crop in accordance with clause (1) (b), the Commission shall pay to the insured person a supplementary benefit of \$70 for each acre replanted, the replanted acreage shall be released from the contract of insurance and the guaranteed production and indemnity payable shall be reduced accordingly.

6.—(1) Where harvesting has been completed, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in the plan;
- (c) production harvested but not delivered to a processor; and
- (d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a cause of loss designated in the plan.

(3) Notwithstanding subparagraph (1), where all or any part of the insured acreage is by-passed due to an insured peril, the Commission, upon application therefor in writing by the insured person, may consent in writing to the release from the contract of insurance of the by-passed acreage and adjust the loss on such acreage without regard to the production of any remaining acreage.

(4) Notwithstanding subparagraph (1), the indemnity payable in respect of by-passed acreage shall be calculated on the basis of the by-passing record of the processor to whom the crop is contracted in accordance with the Table.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

7. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATIONS

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop;
- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

11.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage as green and wax beans for processing.

ADJUSTMENT OF LOSS

14.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

(5) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage, but where the actual production of any harvested acreage exceeds the guaranteed production of such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by the established price per ton.

PROOF OF LOSS

15.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or

(4) Where required by the Commission, the information given in a proof of loss shall be verified by statutory declaration.

TIME FOR PAYMENT OF INDEMNITY

17.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

18. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

19. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

OF THE FIRST PART

— and —

.....
of the.....of.....

in the County (or as the case may be) of..... hereinafter referred to as "THE INSURED PERSON",

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance on lima beans under The Ontario Crop Insurance Plan for Lima Beans hereinafter referred to as "the plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of lima beans resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not insure against, and no indemnity shall be paid in respect of a loss in the production of the insured crop resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease unless recommended spray programs were followed; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted in the crop year to lima beans on the

farm or farms operated by him in Ontario, whether grown under contract or not and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes;
- (b) that was planted after the final date prescribed for planting in the plan;
- (c) that, in the opinion of the Commission, is not insurable;
- (d) for which a contract between the insured person and the processor is not in effect; or
- (e) on which the insured crop is a volunteer crop.

VARIATION IN PLANTED ACREAGE

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance, the insured person shall, not later than the 15th day of July or such other date as may be determined by the Commission, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the total guaranteed production and the maximum amount of the indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, unless the processor increases the contract acreage accordingly, the total guaranteed production, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the production of the insured person.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as lima beans for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is the 15th day of October or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (3), no indemnity shall be paid in respect of the unharvested acreage.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

5. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

6. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

7. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and
- (b) except as provided in paragraph 19, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

8. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

EVALUATION OF LOSS

9.—(1) Where the planting of three acres or more of lima beans before the final planting date is prevented by one or more of the designated perils, an indemnity shall be paid in respect of each unplanted acre calculated on the basis of 20 per cent of the guaranteed production per acre multiplied by the established price per ton.

(2) Any acreage in respect of which an indemnity is paid under subparagraph (1) shall be released from the contract of insurance, the guaranteed production and indemnity payable shall be reduced accordingly and the production from any such acreage planted to lima beans after the final planting date shall not be taken into account in calculating the average farm yield.

10.—(1) Where loss or damage to three acres or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 1st day of July;
- (b) the use of the damaged acreage for an alternate crop; or
- (c) the abandonment or destruction of the insured crop on such damaged acreage.

(2) Where the damaged acreage is replanted to lima beans in accordance with clause (1) (a), the Commission shall pay to the insured person a supplementary benefit of \$15 for each acre replanted and the contract of insurance shall continue to apply to such replanted acreage.

(3) Where the damaged acreage is used for an alternate crop in accordance with clause (1) (b), the Commission shall pay to the insured person a supplementary benefit of \$15 for each acre replanted, the replanted acreage shall be released from the contract of insurance and the guaranteed production and indemnity payable shall be reduced accordingly.

11.—(1) Where harvesting has been completed, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in the plan;
- (c) production harvested but not delivered to a processor; and
- (d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a cause of loss designated in the plan.

(3) Notwithstanding subparagraph (1), where all or any part of the insured acreage is by-passed due to an insured peril, the Commission, upon application therefor in writing by the insured person, may consent in writing to the release from the contract of insurance of the by-passed acreage and adjust the loss on such acreage without regard to the production of any remaining acreage.

(4) Notwithstanding subparagraph (1), the indemnity payable in respect of by-passed acreage shall be calculated on the basis of the by-passing record of the processor to whom the crop is contracted in accordance with the Table.

NOTICE OF LOSS OR DAMAGE

12.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the com-

pletion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

NOTICE OF BY-PASSING

13. Where acreage is by-passed by the processor, the insured person shall notify the Commission forthwith by telephone and confirm in writing within twenty-four hours.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

14.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

15.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it considers proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission

shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

(5) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage, but where the actual production of any harvested acreage exceeds the guaranteed production of such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by the established price per ton.

PROOF OF LOSS

16.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 8.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

17. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

18.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

19. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

20. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

21.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

Form 2

Crop Insurance Act (Ontario)

ONION ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under The Ontario Crop Insurance Plan for Onions Grown from Seed, hereinafter referred to as "the plan" and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the Crop Insurance Act (Ontario) and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover onions grown from seed.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to onions in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or

- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The harvesting referred to in subparagraph (1) shall be completed not later than the 31st day of October or such other date as may be determined from time to time by the Commission.

EVALUATION OF LOSS

2. For the purposes of determining the loss in production of onions in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 3 and 4.

STAGE 1

3.—(1) Stage 1 comprises the period from the date on which the planting of acreage to onions is completed to and including the 15th day of June in the crop year.

(2) Where loss or damage to three acres or more of the insured crop occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 15th day of June; or

(b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage.

(3) Where damaged acreage is replanted to onions in accordance with clause (2) (a), the Commission shall pay an indemnity of \$200 for each acre replanted and the contract of insurance shall continue to apply to such acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause (2) (b), the Commission shall pay an indemnity of \$200 per acre and the contract of insurance shall terminate with respect to such acreage.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

4.—(1) Stage 2 commences on the 16th day of June in the crop year and, with respect to any part of the planted acreage, ends on completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof and the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the amount by which the guaranteed production for the damaged acreage exceeds the potential production determined therefor by the established price per bag.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the acreage harvested is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per bag.

NOTICE OF LOSS OR DAMAGE

5. Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within twenty-four hours of such time.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

6.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage, but subject to subparagraph (2), where,

(a) the actual production of any harvested acreage; or

(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per bag.

(2) Notwithstanding subparagraph (1), no indemnities paid in Stage 1 shall be subject to reduction under this paragraph.

(3) In no case shall indemnity be paid for acreage in excess of the total insured acreage.

DAMAGE AFTER HARVEST

7. No indemnity shall be paid in respect of any loss or damage suffered by the insured crop after combining and in no case shall any indemnity be paid with respect to onions in storage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

8.—(1) Where the actual planted acreage of onions in a crop year is less than the planted acreage declared on the final acreage report, the total guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual planted acreage of onions in a crop year exceeds the planted acreage declared in the final acreage report, the guaranteed production shall be reduced proportionately.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

Form 2

Crop Insurance Act (Ontario)

ONION ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under The Ontario Crop Insurance Plan for Onions Grown from Sets, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the Crop Insurance Act (Ontario) and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover onions grown from sets.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to onions in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or

- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The harvesting referred to in subparagraph (1) shall be completed not later than the 15th day of August or such other date as may be determined from time to time by the Commission.

EVALUATION OF LOSS

2. For the purposes of determining the loss in production of onions in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 3 and 4.

STAGE 1

3.—(1) Stage 1 comprises the period from the date on which the planting of acreage to onions is completed or the 20th day of March, whichever is the later, to and including the 15th day of May in the crop year.

(2) Where loss or damage to three acres or more of the insured crop occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

(a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 15th day of May; or

(b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage.

(3) Where damaged acreage is replanted to onions in accordance with clause (2) (a), the Commission shall pay an indemnity of \$380 for each acre replanted and the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause (2) (b), the Commission shall pay an indemnity of \$380 per acre and the contract of insurance shall terminate with respect to such acreage.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

4.—(1) Stage 2 commences on the 16th day of May in the crop year and, with respect to any part of the planted acreage, ends on completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof and the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the amount by which the guaranteed production for the damaged acreage exceeds the potential production determined therefor by the established price per bag.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the acreage harvested is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated

by multiplying the difference between the guaranteed production and the actual production by the established price per bag.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

5.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage, but subject to subparagraph (2), where,

(a) the actual production of any harvested acreage; or

(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per bag.

(2) Notwithstanding subparagraph (1), no indemnities paid in Stage 1 shall be subject to reduction under this paragraph.

(3) In no case shall indemnity be paid for acreage in excess of the total insured acreage.

DAMAGE AFTER HARVEST

6. No indemnity shall be paid in respect of any loss or damage suffered by the insured crop after combining and in no case shall any indemnity be paid with respect to onions in storage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

7.—(1) Where the actual planted acreage of onions in a crop year is less than the planted acreage declared on the final acreage report, the total guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual planted acreage of onions in a crop year exceeds the planted acreage declared on the final acreage report, the guaranteed production shall be reduced proportionately.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

OF THE SECOND PART;

WHEREAS the insured person has applied for crop insurance on peaches under The Ontario Crop Insurance Plan for Peaches, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the *Crop Insurance Act* (Ontario), and the regulations made thereunder, where, in a crop year the insured person suffers a loss in the production of peaches resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of peaches produced in Ontario.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
- (b) that, in the opinion of the Commission, is not insurable.

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
- (b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph (1), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered damage from an insured peril to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph (3), where damaged peaches are sold for less than the prevailing price for unblemished fruit, the actual production shall be deemed to be reduced in the ratio that the salvage value received for the crop bears to the market price for processing peaches as set by The Ontario Tender Fruit Growers' Marketing Board.

NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph (1), where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail or hurricane or tornado damage, within three days of the time of loss.
2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

(3) Where the insured person fails to notify the Commission pursuant to subparagraphs (1) and (2), a claim by the insured person is invalid and his right to indemnity is forfeited.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

7. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or

- (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

11.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
 - (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.
- (4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under the contract shall be reduced accordingly.

PROOF OF LOSS

- (c) be filed with the Commission not later than the 20th day of December in the crop year in respect of which it is made.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or is terminated in accordance with the regulations.

Form 1

Crop Insurance Act (Ontario)

CONTRACT OF INSURANCE

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART;

— and —

..... of the..... of.....

in the County (or as the case may be) of

....., hereinafter referred to as "THE INSURED PERSON",

OF THE SECOND PART;

WHEREAS the insured person has applied for crop insurance on pears under The Ontario Crop Insurance Plan for Pears, hereinafter referred to as "the plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder where in a crop year the insured person suffers a loss in the production of pears resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of pears produced in Ontario.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against, and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease, other than fire blight; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
- (b) that, in the opinion of the Commission, is not insurable.

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
- (b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph (1), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered freeze, hail or wind damage to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph (3), where freeze, hail or wind damaged pears are sold to a winery or distillery at less than the prevailing price for unblemished fruit, the actual production shall be

deemed to be reduced in the ratio that the salvage value received for the crop bears to the market price for processing pears as set by The Ontario Tender Fruit Growers' Marketing Board.

NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph (1), where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail or wind damage, within three days of the time of loss.
2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

(3) Where the insured person fails to notify the Commission pursuant to subparagraphs (1) and (2), a claim by the insured person is invalid and his right to indemnity is forfeited.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

7. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

11.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

12.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 10.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

13. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

14.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid

within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

15. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

16. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

17.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

- (e) on which the insured crop is a volunteer crop.

VARIATION IN PLANTED ACREAGE

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance the insured person shall, not later than the 15th day of July, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, the maximum amount of indemnity and the premium payable shall not be increased but the income from the total planted acreage shall be included in establishing the income of the insured person unless the processor increases the contract acreage accordingly.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as peas for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is the 15th day of September or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2) the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (3), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) Where loss or damage to three acres or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission upon application therefor in writing by the insured person, may consent in writing to,

- (a) one replanting of the damaged acreage, provided that the replanting is completed not later than the 30th day of June;
- (b) the use of the damaged acreage for an alternate crop; or
- (c) the abandonment or destruction of the insured crop on such damaged acreage.

(2) Where the damaged acreage is replanted to peas in accordance with clause (1) (a), the Commission shall pay to the insured person a supplementary benefit of \$75 for each acre replanted and the contract of insurance shall continue to apply to such replanted acreage.

(3) Where the damaged acreage is used for an alternate crop in accordance with clause (1) (b), the Commission shall pay to the insured person a supplementary benefit of \$75 for each acre replanted,

the replanted acreage shall be released from the contract of insurance and the guaranteed production and indemnity payable shall be reduced accordingly.

STAGE 2

6.—(1) Subject to any revision in insured acreage made under subparagraph 5 (3), and subject to subparagraph (3), the amount of loss that shall be taken into account in the final adjustment of loss is the amount by which the sum of,

- (a) an amount obtained by multiplying the amount of dollars per acre coverage by the number of insured acres; and
- (b) an allowance for the cost of harvesting as set out in the grower-processor contract,

exceeds the sum of,

- (c) the total gross income of the insured person from the insured crop as evidenced by the processor's statement of production;
- (d) the value as determined by the Commission of the potential production of acreage unharvested for reasons other than the insured perils; and
- (e) any loss sustained by reason of a peril other than the perils designated in the plan.

(2) Notwithstanding subparagraph (1), where all or any part of the insured acreage is by-passed due to an insured peril, the Commission, upon application therefor in writing by the insured person, may consent in writing to the release from the contract of insurance of the by-passed acreage and adjust the loss on such acreage without regard to the income from any remaining acreage.

(3) Notwithstanding subparagraph (1), the indemnity payable in respect of by-passed acreage shall be calculated on the basis of the by-passing record of the processor to whom the crop is contracted in accordance with Table 1.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

7. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;

(c) commits a fraud in respect of the insured crop; or

(d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop;
- (b) except as provided in paragraph 17, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

11.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within twenty-four hours after such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the total gross value of the insured crop as evidenced by the processor's statement of production is less than the total insured coverage; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

NOTICE OF BY-PASSING

12. Where acreage is by-passed by the processor, the insured person shall notify the Commission forthwith by telephone and confirm in writing within twenty-four hours.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

13.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage as green peas for processing.

(3) Where by-passed acreage is harvested for use as peas other than peas for processing, the indemnity otherwise payable shall be adjusted in accordance with Table 2.

ADJUSTMENT OF LOSS

14.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the total gross income obtained from the insured crop for the crop year; and

(b) that the loss in income or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

15.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 10.

(4) Where required by the Commission, the information given in a proof of loss shall be verified by statutory declaration.

ARBITRATION

16. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

17.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid

within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

18. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

19. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

20.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

- (c) insect infestation or plant disease unless recommended spray programs were followed; or
- (d) a peril other than the perils designated in the plan.

VARIATION IN PLANTED ACREAGE

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance, the insured person shall, not later than the 15th day of July or such

other date as may be determined by the Commission, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the total guaranteed production and the maximum amount of the indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, unless the processor increases the contract acreage accordingly, the total guaranteed production, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the production of the insured person.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as peppers for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

INTEREST OF OTHER PERSONS

7. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and
- (b) except as provided in paragraph 16, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

8. The insured person may assign all or part of his right to indemnity under the contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

EVALUATION OF LOSS

9.—(1) Where loss or damage occurs at any time after the completion of planting, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) replanting of the damaged acreage and, in such case, the replanting shall be completed not later than the 1st day of July in the crop year or not later than such other date as may be determined from time to time by the Commission; or

- (b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres.

(2) Where the damaged acreage is replanted to the insured crop in accordance with clause (1) (a), a benefit of \$100 for each acre so replanted shall be paid and the contract of insurance shall continue to apply to such replanted acreage.

(3) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause (1) (b), a benefit of \$100 for each acre so abandoned or destroyed shall be paid and the contract of insurance shall cease to apply to such acreage.

(4) Where the damaged acreage is not used for any other purpose or the crop is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where harvesting has been completed, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(6) For the purpose of subparagraph (5), actual production shall include,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in the plan;
- (c) production harvested but not delivered to a processor; and
- (d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a cause of loss designated in the plan.

NOTICE OF LOSS OR DAMAGE

10.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

11.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

12.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it considers proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

(5) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage, but where the actual production of any harvested acreage exceeds the guaranteed production of such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by the established price per ton.

PROOF OF LOSS

13.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 8.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

14. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under the contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

15.—(1) No indemnity under the contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

16. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

17. The Commission has a right of entry to the premises of the insured person that may be exercised

by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

18.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

CONTRACT OF INSURANCE

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO,
hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART;

—and—

.....

of the.....of.....

in the County (or as the case may be) of

....., hereinafter referred to
as "THE INSURED PERSON",

OF THE SECOND PART;

WHEREAS the insured person has applied for crop insurance on plums under The Ontario Crop Insurance Plan for Plums, hereinafter referred to as "the plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder where in a crop year the insured person suffers a loss in the production of plums resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of plums produced in Ontario.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against, and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
- (b) that, in the opinion of the Commission, is not insurable.

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
- (b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph (1), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered freeze, hail, hurricane or tornado damage to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph (3), where freeze, hail, hurricane or tornado damaged plums are sold to a winery or distillery at less than the prevailing price for unblemished fruit, the actual production shall be deemed to be reduced in the

ratio that the salvage value received for the crop bears to the market price for processing plums as set by The Ontario Tender Fruit Growers' Marketing Board.

NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph (1), where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail, hurricane or tornado damage, within three days of the time of loss.
2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

(3) Where the insured person fails to notify the Commission under subparagraphs (1) and (2), a claim by the insured person is invalid and his right to indemnity is forfeited.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

7. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

11.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

12.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 10.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

13. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

14.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

15. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

16. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

17.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

OF THE SECOND PART;

WHEREAS the insured person has applied for crop insurance on sour cherries under The Ontario Crop Insurance Plan for Sour Cherries, hereinafter referred to as "the plan".

NOW THEREFORE, subject to the Crop Insurance Act (Ontario), and the regulations made thereunder, where, in a crop year the insured person suffers a loss in the production of sour cherries resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of sour cherries produced in Ontario.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
(b) a shortage of labour or machinery;
(c) insect infestation or plant disease; or
(d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
(b) that, in the opinion of the Commission, is not insurable.

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
(b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph (1), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) Subject to subparagraphs (3) and (4), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered damage from an insured peril to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph (3), where damaged sour cherries are sold to a winery at less than the prevailing price for unblemished fruit, the actual production shall be deemed to be reduced in the ratio that the salvage value received for the crop bears to the market price for processing sour cherries as set by The Ontario Tender Fruit Growers' Marketing Board.

NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph (1), where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail or wind damage, within three days of the time of loss.
2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

(3) Where the insured person fails to notify the Commission pursuant to subparagraphs (1) and (2), a claim by the insured person is invalid and his right to indemnity is forfeited.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

7. Where the insured person,

(a) in his application for insurance,

(i) gives false particulars of the insured crop to the prejudice of the Commission, or

(ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;

(b) contravenes a term or condition of the contract of insurance;

(c) commits a fraud in respect of the insured crop; or

(d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

(a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and

(b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

(a) the assignment is made on a form provided by the Commission; and

(b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

11.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

Form 2

Crop Insurance Act (Ontario)

SOYBEAN ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for soybeans under The Ontario Crop Insurance Plan for Soybeans, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder.

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover soybeans.

HARVESTING OF SEEDED ACREAGE

1.—(1) All acreage seeded to soybeans in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) Where the harvesting of any seeded acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2.—(1) Where,

- (a) the insured so elects on his application for insurance and pays a premium deposit

of \$1 for each acre intended to be sown to a spring sown crop; and

- (b) the seeding or planting of three acres or more or a crop is prevented by one or more of the designated perils,

an indemnity shall be paid in respect of each acre unplanted, the amount of which shall correspond to the guaranteed production of the spring sown crop highest in priority on the list in the Table of those intended to be grown and insured by the insured person.

(2) Where the insured person seeds or plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage so seeded or planted shall be applied against the regular premium.

(3) Where the insured person seeds or plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(4) Where the insured person seeds or plants a crop which is listed in the Table and fails to insure the crop, the premium deposit in respect of acreage so planted shall be retained by the Commission as payment for the coverage provided.

(5) Where the insured person is unable to seed or plant acreage designated on the application as intended to be sown to a spring sown crop, the premium deposit in respect of such acreage shall be retained by the Commission as part payment for the coverage provided and the insured person shall pay the balance of premium in the amount of \$1 for each acre unseeded or unplanted.

(6) This paragraph does not apply to, and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs prior to the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the reseeded of the damaged acreage.

(2) Where the damaged acreage is reseeded in accordance with subparagraph (1), the Commission shall pay a supplementary benefit to the insured person calculated at the rate of \$15 for each reseeded acre.

(3) Where the damaged acreage is reseeded to soybeans, the contract of insurance shall continue to apply to such reseeded acreage.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price per bushel.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be

taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per bushel.

FINAL ADJUSTMENT OF LOSS FOR
TOTAL INSURED ACREAGE

5. The indemnity payable with respect to the total insured acreage in the final adjustment of loss shall be the sum of all loss calculations made under paragraphs 2, 3 and 4 applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price per bushel.

INCORRECT ACREAGE IN FINAL
ACREAGE REPORT

6.—(1) Where the actual seeded acreage of soybeans in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual seeded acreage of soybeans in a crop year exceeds the seeded acreage declared on the final acreage report, the production from the total seeded acreage shall be counted and there shall be no increase in the total guaranteed production or the maximum amount of indemnity payable.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

1. The plan in the Schedule is established for the insurance within Ontario of spring grain. R.R.O. 1970, Reg. 151, s. 1.

Schedule

Crop Insurance Act (Ontario)

PLAN

1. This plan may be cited as "The Ontario Crop Insurance Plan for Spring Grain".

2. The purpose of this plan is to provide for insurance against a loss in the production of spring grain resulting from one or more of the perils designated in section 4.

INTERPRETATION

3. In this plan,

- (a) "average farm yield" means the average of previous yields of the seeded acreage computed on the basis of acreage production records of the insured person or on such other basis as the Commission approves;
- (b) "mixed grain" means any seed mixture that includes both oats and barley, the combined weight of which equals at least 75 per cent of the total, but the individual weights of either of which do not exceed 75 per cent of the total;
- (c) "spring grain" means,
- (i) oats,
 - (ii) barley, including winter barley,
 - (iii) spring wheat, and
 - (iv) mixed grain,

the moisture content of which is not greater than 14 per cent.

DESIGNATION OF PERILS

4. The following are designated as perils for the purposes of this plan:

1. Drought.
2. Excessive moisture.

3. Excessive rainfall.

4. Flood.

5. Frost.

6. Hail.

7. Insect infestation.

8. Plant disease.

9. Wind.

10. Winter kill.

DESIGNATION OF CROP YEAR

5.—(1) Subject to subsection (2), the crop year for spring grain is the period from the 1st day of March in any year to the last day of February next following.

(2) The crop year for winter barley is the period from the 1st day of September in any year to the 31st day of August next following.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance for spring grain shall be deemed to be comprised of,

- (a) the contract of insurance in the form prescribed by Regulation 231 of Revised Regulations of Ontario, 1980;
- (b) an endorsement for spring grain in Form 2;
- (c) the application for insurance;
- (d) the final acreage report for each crop year; and
- (e) an amendment to any document referred to in clause (a), (b), (c) or (d) agreed upon in writing.

7. An application for insurance shall,

- (a) be in Form 1;
- (b) be accompanied by a premium deposit of,
 - (i) \$1 per acre, or
 - (ii) \$15,

whichever is the greater; and

- (c) be filed with the Commission not later than,
- (i) the 1st day of May, or
 - (ii) for areas north of and including the territorial districts of Manitoulin and Parry Sound and the Provisional County of Haliburton, the 15th day of May, or
 - (iii) the 31st day of October in the case of winter barley,
- in the crop year in respect of which it is made.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the final date for application in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) For the purpose of computing total guaranteed production, the number of bushels determined as the average farm yield shall be converted to pounds.

(2) The conversion into pounds mentioned in subsection (1) shall be made on the basis that,

- (a) a bushel of oats weighs 34 pounds;
- (b) a bushel of barley weighs 48 pounds;
- (c) a bushel of spring wheat weighs 60 pounds; and
- (d) a bushel of mixed grain weighs 40 pounds.

10.—(1) Subject to subsections (2) and (3), the coverage provided under a contract of insurance shall be 70 per cent of the average farm yield in pounds of the total acreage seeded to spring grain by the insured person in accordance with the regulations.

(2) The coverage provided under subsection (1) shall be increased following each consecutive no claim year as follows:

1. Following the first no claim year to 73 per cent of the average farm yield.
2. Following the second no claim year to 76 per cent of the average farm yield.

3. Following the third no claim year to 78 per cent of the average farm yield.
4. Following the fourth no claim year to a maximum of 80 per cent of the average farm yield.

(3) The coverage provided under subsections (1) and (2) shall be decreased for claim years from the insured level in reverse progression to that prescribed by subsection (2), except that where a claim occurs in a year when the coverage is 70 per cent, the coverage shall be reduced to a minimum of 65 per cent.

(4) Where, in any year, a claim is paid in an amount less than half of the total premium for that year, the coverage for the following year shall remain unchanged.

(5) The number of pounds determined under subsections (1), (2) and (3) constitutes the total guaranteed production under a contract of insurance.

11. The maximum indemnity payable for a loss in production of spring grain in a crop year is the amount obtained by multiplying the total guaranteed production determined under section 10 by the established price per pound determined under section 12.

12.—(1) Subject to subsection (4) the established price for spring grain is,

- (a) 3.2¢; or
- (b) 4.5¢,

per pound.

(2) Where,

- (a) the insured person applies therefor in writing on or before the 1st day of May in a crop year; and
- (b) the Commission consents in writing,

any established price designated herein may be substituted for the established price selected by the insured person at the time a contract of insurance is made, or any established price substituted in lieu thereof under this section.

(3) Where, upon any renewal, the insured person fails to select an established price pursuant to subsection (2), the Commission may designate the established price applicable to the contract for the crop year.

(4) For the purposes of this plan the established price for winter barley is 4.5 cents per pound but the established price is subject to amendment by the Commission with the approval of the Lieutenant Governor in Council and where so amended, the premium payable shall be adjusted accordingly.

PREMIUMS

13.—(1) The total premium is,

- (a) \$6.70 per acre where the established price is 3.2 cents per pound; and
- (b) \$9.30 per acre where the established price is 4.5 cents per pound.

(2) Notwithstanding subsection (1), the minimum premium payable by an insured person in each crop year is \$15.

(3) The premium prescribed by subsections (1) and (2) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

14.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to spring grain.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 15.

(3) Where application is made for insurance coverage on winter barley, the insured person shall insure all spring sown acreage of spring grain under the same contract of insurance and shall file a final acreage report and pay the additional premium in respect thereof within ten days after the seeding is completed.

FINAL ACREAGE REPORTS

15.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after the seeding of acreage to spring grain is completed.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

16.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify the insured person in writing forthwith respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report

and adjustment of premium made by the Commission under subsection (1) unless within ten days after the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision and adjustment.

(3) Where the Commission receives notice from an insured person under subsection (2), it shall notify the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

17.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

- (a) prepare the final acreage report; or
- (b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days after the mailing or delivery to him of a copy of the report.

FINAL SEEDING DATE

18. For the purposes of this plan the final date for seeding in a crop year is,

- (a) for spring sown crops, the 1st day of July; and
- (b) for winter barley, the 20th day of October,

or such other date as may be determined from time to time by the Commission.

Form 2

Crop Insurance Act (Ontario)

SPRING GRAIN ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for spring grain under The Ontario Crop Insurance Plan for Spring Grain, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover spring grain.

HARVESTING OF SEEDED ACREAGE

1.—(1) All acreage seeded to spring grain in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) Where the harvesting of any seeded acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2. For the purposes of determining the loss in production of spring grain in a crop year and the indemnity payable therefor, the actual production of all harvested acreage of oats, barley, spring wheat and mixed grain shall be combined, and in no case shall the production of oats, barley, spring wheat or mixed grain be taken into account separately.

3.—(1) Where,

- (a) the insured so elects on his application for insurance and pays a premium deposit of \$1 for each acre intended to be sown to a spring sown crop; and
- (b) the seeding or planting of three acres or more of a crop is prevented by one or more of the designated perils,

an indemnity shall be paid in respect of each acre unplanted, the amount of which shall correspond to the guaranteed production of the spring sown crop highest in priority on the list in the Table of those intended to be grown and insured by the insured person.

(2) Where the insured person seeds or plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage so seeded or planted shall be applied against the regular premium.

(3) Where the insured person seeds or plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(4) Where the insured person seeds or plants a crop which is listed in the Table, and fails to insure the crop, the premium deposit in respect of acreage so planted shall be retained by the Commission as payment for the coverage provided.

(5) Where the insured person is unable to seed or plant acreage designated on the application as intended to be sown to a spring sown crop, the premium deposit in respect of such acreage shall be retained by the Commission as part payment for the coverage provided and the insured person shall pay the balance of premium in the amount of \$1 for each acre unseeded or unplanted.

(6) This paragraph does not apply to, and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

4.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs in the crop year prior to,

- (a) the 1st day of July, in the case of a spring sown crop; or
- (b) the 15th day of June, in the case of winter barley,

the Commission, upon application therefor in writing by the insured person, may consent in writing to the reseeded of the damaged acreage.

(2) Where the damaged acreage is reseeded in accordance with subparagraph (1), the Commission shall pay a supplementary benefit to the insured person calculated at the rate of \$15 for each reseeded acre.

(3) Where the damaged acreage is reseeded to spring grain, the contract of insurance shall continue to apply to such reseeded acreage.

5.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in

writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price per pound.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

FINAL ADJUSTMENT OF LOSS FOR
TOTAL INSURED ACREAGE

6. The indemnity payable with respect to the total insured acreage in the final adjustment of loss shall be the sum of all loss calculations made under paragraphs 3, 4 and 5 applicable to such acreage, but where,

(a) the actual production of any harvested acreage; or

(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 5 shall be reduced by the amount obtained by multiplying such excess by the established price per pound.

INCORRECT ACREAGE IN FINAL ACREAGE
REPORT

7.—(1) Where the actual seeded acreage of spring grain in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual seeded acreage of spring grain in a crop year exceeds the seeded acreage declared on the final acreage report, the production from the total seeded acreage shall be counted and there shall be no increase in the total guaranteed production or the maximum amount of indemnity payable.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

WHEREAS the insured person has applied for crop insurance on sweet cherries under The Ontario Crop Insurance Plan for Sweet Cherries, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the Crop Insurance Act (Ontario), and the regulations made thereunder, where, in a crop year the insured person suffers a loss in the production of sweet cherries resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of sweet cherries produced in Ontario.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
(b) a shortage of labour or machinery;
(c) insect infestation or plant disease; or

(d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
(b) that, in the opinion of the Commission, is not insurable.

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
(b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph (1), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

5.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run of all insured acreage; and
(b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered damage from an insured peril to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph (3), where damaged sweet cherries are sold to a winery or distillery at less than the prevailing price for unblemished fruit, the actual production shall be deemed to be reduced by 50 per cent.

NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph (1), where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail, wind or rain split, within three days of the time of loss.
2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

7. Where the insured person,

- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of

loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under the contract shall be reduced accordingly.

PROOF OF LOSS

12.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 10.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

13. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

14.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days after the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

15. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

16. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

17.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance on sweet corn under The Ontario Crop Insurance Plan for Sweet Corn, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of sweet corn resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and

conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not insure against, and no indemnity shall be paid in respect of a loss in the production of the insured crop resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation, plant disease or bird damage unless recommended control programs were followed; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted in the crop year to sweet corn on the farm or farms operated by him in Ontario, whether grown under contract or not and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes;
- (b) that was planted after the final date prescribed for planting in the plan;
- (c) that, in the opinion of the Commission, is not insurable;
- (d) for which a contract between the insured person and the processor is not in effect; or
- (e) on which the insured crop is a volunteer crop.

VARIATION IN PLANTED ACREAGE

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance, the insured person shall, not later than the 15th day of July or such other date as may be determined by the Commission, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the total guaranteed production

and the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, unless the processor increases the contract acreage accordingly, the total guaranteed production, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the production of the insured person.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as sweet corn for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is the 15th day of October or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission, in accordance with subparagraph (3), no indemnity shall be paid in respect of the unharvested acreage.

 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

6. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

7. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and
- (b) except as provided in paragraph 18, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

8. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

EVALUATION OF LOSS

9.—(1) Where the planting of three acres or more of sweet corn before the final planting date is prevented by one or more of the designated perils, an indemnity shall be paid in respect of each unplanted acre calculated on the basis of 20 per cent of the guaranteed production per acre multiplied by the established price per ton.

(2) Any acreage in respect of which an indemnity is paid under subparagraph (1) shall be released from the contract of insurance, the guaranteed production and indemnity payable shall be reduced accordingly and the production from any such acreage planted to sweet corn after the final planting date shall not be taken into account in calculating the average farm yield.

10.—(1) Where loss or damage to three acres or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 30th day of June;
- (b) the use of the damaged acreage for an alternate crop; or
- (c) the abandonment or destruction of the insured crop on such damaged acreage.

(2) Where the damaged acreage is replanted to sweet corn in accordance with clause (1) (a), the Commission shall pay to the insured person a supplementary benefit of \$15 for each acre replanted and the contract of insurance shall continue to apply to such replanted acreage.

(3) Where the damaged acreage is used for an alternate crop in accordance with clause (1) (b), the Commission shall pay to the insured person a supplementary benefit of \$15 for each acre replanted, the replanted acreage shall be released from the contract of insurance and the guaranteed production and indemnity payable shall be reduced accordingly.

11.—(1) Where harvesting has been completed the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in paragraph 2;
- (c) production harvested but not delivered to a processor;
- (d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a cause of loss designated in paragraph 2; and
- (e) where part of the insured acreage is by-passed due to an insured peril, that part of the production of the remaining acreage in excess of the total of the yield limit and three-quarters of a ton for each acre harvested.

(3) Notwithstanding subparagraph (1), the indemnity payable in respect of by-passed acreage shall be calculated on the basis of the by-passing record of the processor to whom the crop is contracted in accordance with the Table.

NOTICE OF LOSS OR DAMAGE

12.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

NOTICE OF BY-PASSING

13. Where acreage is by-passed by the processor, the insured person shall notify the Commission in writing within twenty-four hours.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

14.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

15.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it considers proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

(5) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage, but where the actual production of any harvested acreage exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per ton.

PROOF OF LOSS

16.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 8.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

17. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

18.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

19. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

20. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

21.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (3), no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

6.—(1) Where the seeding or planting of one acre or more of tomatoes or an alternate crop before the final planting date is prevented by one or more of the designated perils, an indemnity may be paid in respect of each unseeded or unplanted acre calculated on the basis of 20 per cent of the guaranteed production per acre multiplied by the established price per ton.

(2) Where, after the final planting date, one or more acres is seeded to an alternate crop, an indemnity may be paid in respect of each acre so seeded calculated on the basis of 10 per cent of the guaranteed production per acre multiplied by the established price per ton.

(3) Any acreage in respect of which an indemnity is paid under subparagraph (1) or (2) shall be released from the contract of insurance and, in such case, the guaranteed production and indemnity payable shall be reduced accordingly.

7.—(1) Where the insured person is unable to plant by reason of one or more of the insured perils and, as a result, plants are lost in storage, the coverage provided and the maximum indemnity payable under the contract of insurance shall be increased by an additional \$101.50 per acre on the following terms and conditions:

1. A minimum of one acre of the contract acreage must remain unplanted after the final date for planting in the area.
2. Failure to plant must result directly from one or more of the perils of excessive moisture, flood or such other agricultural hazard as may be designated by the Commission from time to time.

3. The indemnity payable shall be the lesser of,

- (a) the actual cost of the plants lost;
- (b) the projected cost of plants for the unplanted acreage at the same plant population as the planted acreage; or
- (c) \$101.50 per acre.

(2) Where the insured person harvests mechanically and has paid the premium surcharge provided therefor, he may select a lost plants benefit of a maximum of \$150 per acre under subparagraph (1).

8. Where, by reason of one or more of the insured perils, plants are lost in storage but the contract acreage is subsequently planted with replacement stock, a lost plants benefit shall be payable upon the following terms and conditions:

1. An indemnity shall be payable only in respect of plants lost in excess of 10 per cent of the plants required for the total contract acreage.
2. The indemnity payable shall be the lesser of,
 - (a) one third of the total cost of the plants eligible for payment under item 1: or
 - (b) one third of the replant benefit payable under paragraph 9 in respect of the same number of plants.

9.—(1) Where loss or damage to one acre or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission, upon application in writing therefor by the insured person, may consent in writing to,

- (a) one replanting of the damaged acreage and, in such case, the replanting shall be completed not later than the 10th day of June in the crop year or such other date as may be determined from time to time by the Commission; or
- (b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where the damaged acreage is replanted to the insured crop in accordance with clause (1) (a), the contract of insurance shall continue to apply to such replanted acreage and the Commission shall pay a lost plants benefit to the insured person in an amount equal to the actual cost of the plants that are used in the replanting but not exceeding the lesser of,

- (a) the cost of the original plants in respect of the replanted acreage; or
- (b) an amount calculated at the rate of \$101.50 for each replanted acre.

(3) The replanting referred to in this paragraph shall be carried out by machine, but where,

- (a) the area or areas replanted comprise one acre or more; or
- (b) 5,000 or more plants are replanted,

the replanting may be carried out by hand.

(4) Where the damaged acreage is replanted to an alternate crop under clause (1) (b), an indemnity shall be paid in respect of each acre so replanted calculated on the basis of 10 per cent of the guaranteed production per acre multiplied by the established price per ton and the replanted acreage shall be released from the contract of insurance and the guaranteed production and indemnity payable shall be reduced accordingly.

(5) Where the insured person harvests mechanically and has paid the premium surcharge provided therefor, he may select a lost plants benefit of a maximum of \$150 per acre under clause (2) (b).

10. Where the insured crop suffers damage from an insured peril and the insured person incurs unusual or increased harvesting costs as a result, the Commission may adjust the actual production of the insured crop accordingly.

11.—(1) Where the actual production of the insured acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in the plan;
- (c) production harvested but not delivered to a processor; and
- (d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from an insured peril.

12. The indemnity payable with respect to the total planted acreage shall be the sum of all loss

calculations applicable to such acreage, but where the actual production of any acreage, as determined under paragraph 11 exceeds the guaranteed production of such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by the established price per ton.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

13. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

14. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

15. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and
- (b) except as provided in paragraph 16, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

16. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

17.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within five days of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss in production resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing within five days of completion of harvesting.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

18.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

19.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it considers proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

20.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 16.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

21. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

22.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

23. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

24. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any

reasonable time or times for any purpose related to the contract of insurance.

NOTICE

25.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

OF THE SECOND PART.

WHEREAS the insured person has applied for crop insurance on one or more vine crops under The Crop Insurance Plan for Vine Crops, hereinafter referred to as "the plan";

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, where in a crop year the insured person suffers a loss resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not insure against and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease unless recommended spray programs were followed; or
- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted in the crop year to cucumbers, pumpkins and squash on the farm or farms operated by him in Ontario, whether grown under contract or not and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to an insured crop,

- (a) that was not adequately prepared for cropping purposes;
- (b) that, in the opinion of the Commission, is not insurable;
- (c) for which a contract between the insured person and the processor is not in effect; or
- (d) on which the insured crop is a volunteer crop.

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance the insured person shall, not later than the 15th day of July, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of an insured crop is less than that stated in the application for insurance, the maximum amount of indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of an insured crop is more than that stated in the application for insurance, the maximum amount of indemnity and the premium payable shall not be increased but the value of production for the total planted acreage determined in the manner prescribed by section 10 of the plan shall be included in establishing the income of the insured person unless the processor increases the contract acreage accordingly.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to an insured crop in the crop year shall be harvested for processing unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph (1) is noon on the 1st day of November or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall forthwith notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (3), no indemnity shall be paid in respect of unharvested acreage.

STAGE 1

5.—(1) Stage 1 comprises the period from the date on which the planting of the acreage is completed to the 30th day of June.

(2) Where any part of the insured crop is lost or damaged in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage; or
- (b) the abandonment or destruction of the insured crop on such damaged acreage and in such case the Commission shall determine the number of damaged acres and the potential value of production thereof.

(3) Where the damaged acreage is replanted to the insured crop in accordance with clause (2) (a), the

contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is abandoned or destroyed in accordance with clause (2) (b), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as,

- (a) 50 per cent of the coverage applicable to the damaged acreage; or
- (b) the difference between the coverage and the potential value of production for the damaged acreage,

whichever is the lesser.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

6.—(1) Stage 2 commences on the 1st day of July and for any part of the planted acreage ends with the completion of harvesting of such part.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential value of production thereof.

(3) Where,

- (a) damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (2); or
- (b) the harvesting of any planted acreage is not completed on the date determined therefor,

the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the amount by which the coverage for the damaged or unharvested acreage, as the case may be, exceeds the potential value of production determined therefor.

(4) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned

or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where the actual value of production of the acreage harvested determined in the manner prescribed by section 10 of the plan is less than the coverage for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated as the difference between the coverage and the actual value of production.

EVALUATION OF LOSS

7. The amount of loss that shall be taken into account in the final adjustment of loss is the amount by which the total coverage prescribed by section 9 of the plan exceeds the sum of,

- (a) the total value of production of the insured crop or crops for the crop year determined in the manner prescribed by section 10 of the plan as evidenced by the processor's statement of production;
- (b) the value as determined by the Commission of the potential production of acreage unharvested for reasons other than the insured perils; and
- (c) any loss sustained by reason of a peril other than the perils designated in the plan.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of an insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

9. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

10. Notwithstanding that a person other than the insured person holds an interest of any kind in an insured crop, for the purposes of this contract,

- (a) the interest of the insured person in an insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 11, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

11. The insured person may assign all or part of his right to indemnity under this contract in respect of an insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form approved by the Commission; and
- (b) the Commission consents thereto in writing.

12.—(1) Where loss or damage to an insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within three days of such time.

(2) Where loss or damage to an insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(3) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of an insured crop,

- (a) the actual value of production of the insured crop determined in the manner prescribed by section 10 of the plan is less than the total insured coverage; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

13.—(1) Acreage planted to an insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage for processing.

ADJUSTMENT OF LOSS

14.—(1) The indemnity payable for loss or damage to an insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of an insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of an insured crop unless the insured person establishes,

- (a) the total value of production of the insured crop for the crop year; and
- (b) that the loss in income or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

15.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the last of the insured crops; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or

(b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 11.

(4) Where required by the Commission, the information given in a proof of loss shall be verified by statutory declaration.

ARBITRATION

16. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

17.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
(b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

18. Where the Commission has paid a claim under this contract, the Commission is subrogated

to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

19. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections (2) and (3), the coverage provided under a contract of insurance shall be 70 per cent of the average farm yield in kilograms of the total acreage seeded to white beans by the insured person in accordance with the regulations.

(2) The coverage provided under subsection (1) shall be increased following each consecutive no claim year as follows:

1. Following the first no claim year, to 73 per cent of the average farm yield.
2. Following the second no claim year, to 76 per cent of the average farm yield.
3. Following the third no claim year, to 78 per cent of the average farm yield.
4. Following the fourth no claim year, to a maximum of 80 per cent of the average farm yield.

(3) The coverage provided under subsections (1) and (2) shall be decreased for claim years from the insured level in reverse progression to that prescribed in subsection (2), except that where a claim occurs in a year when the coverage is 70 per cent, the coverage shall be reduced to a minimum of 65 per cent.

(4) Where, in any year, a claim is paid in an amount less than half of the total premium for that year, the coverage for the following year shall remain unchanged.

(5) The number of kilograms determined under subsections (1), (2) and (3) constitutes the total guaranteed production under a contract of insurance.

10. For the purposes of this plan, the established price for white beans is,

- (a) 24¢;
- (b) 28¢; or
- (c) 32¢,

per kilogram.

11.—(1) Where,

- (a) the insured person applies therefor in writing on or before the 1st day of May in a crop year; and

any established price designated in section 10 may be substituted for the established price selected by the insured person at the time a contract of insurance

is made, or any established price substituted in lieu thereof under this section.

(2) Where, upon any renewal, the insured person fails to select an established price pursuant to subsection (1), the Commission may designate the established price applicable to the contract for the crop year.

12. The maximum indemnity payable for a loss in production of white beans in a crop year is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price per kilogram determined under section 10.

PREMIUMS

13.—(1) The total premium is,

- (a) \$12 per acre where the established price is 24 cents per kilogram;
- (b) \$14 per acre where the established price is 28 cents per kilogram; and
- (c) \$16 per acre where the established price is 32 cents per kilogram.

(2) Notwithstanding subsection (1), the minimum premium payable by an insured person in each crop year is \$15.

(3) The premium prescribed by subsections (1) and (2) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

14.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to white beans.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 15.

FINAL ACREAGE REPORTS

15.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after the seeding of acreage to white beans is completed.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

16.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify

the insured person in writing forthwith respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report and adjustment of premium made by the Commission under subsection (1) unless, within ten days after the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision and adjustment.

(3) Where the Commission receives notice from an insured person under subsection (2), it shall notify the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

17.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(a) prepare the final acreage report ; or

(b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days from the mailing or delivery to him of a copy of the report.

FINAL SEEDING DATE

18. For the purposes of this plan, the final date for seeding white beans in a crop year is the 1st day of July or such other date as may be determined from time to time by the Commission.

Form 2

Crop Insurance Act (Ontario)

WHITE BEAN ENDORSEMENT

WHEREAS the insured person has applied for crop insurance for white beans under The Ontario Crop Insurance Plan for White Beans, hereinafter referred to as "the plan", and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover white beans.

HARVESTING OF SEEDED ACREAGE

1.—(1) All acreage seeded to white beans in a crop year shall be harvested as white beans unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) Where the harvesting of any seeded acreage is not completed and the failure to harvest was not caused by an insured peril, the contract of insurance shall cease to apply to such unharvested acreage and no indemnity shall be payable therefor.

EVALUATION OF LOSS

2.—(1) Where,

- (a) the insured so elects on his application for insurance and pays a premium deposit of \$1 for each acre intended to be sown to a spring sown crop; and
- (b) the seeding or planting of three acres or more of a crop is prevented by one or more of the designated perils,

an indemnity shall be paid in respect of each acre unplanted, the amount of which shall correspond to the guaranteed production of the spring sown crop highest in priority on the list in the Table of those intended to be grown and insured by the insured person.

(2) Where the insured person seeds or plants a crop in respect of which crop production insurance was applied for, the premium deposit for the acreage so seeded or planted shall be applied against the regular premium.

(3) Where the insured person seeds or plants a crop which is not listed in the Table, the premium deposit in respect of such acreage shall be refunded.

(4) Where the insured person seeds or plants a crop which is listed in the Table and fails to insure the crop, the premium deposit in respect of acreage so planted shall be retained by the Commission as payment for the coverage provided.

(5) Where the insured person is unable to seed or plant acreage designated on the application as intended to be sown to a spring sown crop, the premium deposit in respect of such acreage shall be retained by the Commission as part payment for the coverage provided and the insured person shall pay the balance of premium in the amount of \$1 for each acre unseeded or unplanted.

(6) This paragraph does not apply to, and no indemnity is payable in respect of land,

- (a) that is orchard land, pasture, woodland, seeded to a perennial crop, fall sown or intended for summer fallow;
- (b) that is untilled and was not cropped in the previous year; or
- (c) that, in the opinion of the Commission, is not insurable.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from an insured peril occurs prior to the 1st day of July in the crop year, the Commission, upon application therefor in writing by the insured person, may consent in writing to the reseeded of the damaged acreage.

(2) Where the damaged acreage is reseeded in accordance with subparagraph (1), the Commission shall pay a supplementary benefit to the insured person calculated at the rate of \$15 for each reseeded acre.

(3) Where the damaged acreage is reseeded to white beans, the contract of insurance shall continue to apply to such reseeded acreage.

4.—(1) Where loss or damage occurs prior to harvest, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(2) Where damaged acreage is used for any other purpose or the insured crop thereon is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1) by the established price per kilogram.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per kilogram.

(5) Where the damaged or foreign material content of the insured crop exceeds 2 per cent, the actual production thereof shall be deemed to be reduced in an amount to be determined by the Commission to compensate the insured person for the cost of removal of pick.

(6) Where, as the result of an insured peril causing discoloration, the insured crop or any part thereof is sold at a reduced price, the actual production thereof shall be deemed to be reduced in the ratio that the price reduction bears to the highest established price under the plan.

FINAL ADJUSTMENT OF LOSS FOR TOTAL INSURED ACREAGE

5. The indemnity payable with respect to the total insured acreage in the final adjustment of loss shall be the sum of all loss calculations made under paragraphs 2, 3 and 4 applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable in respect of loss calculations made under paragraph 4 shall be reduced by the amount obtained by multiplying such excess by the established price per kilogram.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

6.—(1) Where the actual seeded acreage of white beans in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual seeded acreage of white beans in a crop year exceeds the seeded acreage declared on the final acreage report, the production from the total seeded acreage shall be counted and there shall be no increase in the total guaranteed production or the maximum amount indemnity payable.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance for winter wheat shall be deemed to be comprised of,

- (a) an endorsement for winter wheat in Form 1;
- (b) an application for insurance;
- (c) the final acreage report for each crop year;
- (d) an amendment to any document referred to in clause (a), (b) or (c) agreed upon in writing.

7. An application for insurance shall,

- (a) be in Form 2;
- (b) be accompanied by a premium deposit of at least \$15; and
- (c) be filed with the Commission not later than the 31st day of October in the crop year in respect of which it is made.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made, and shall continue in force for each crop year thereafter until it is cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 20th day of October in the crop year during which the cancellation is to be effective.

COVERAGE

9.—(1) Subject to subsections (2) and (3), the coverage provided under a contract of insurance

shall be 70 per cent of the average farm yield in bushels of the total acreage seeded to winter wheat by the insured person in accordance with the regulations.

(2) The coverage provided under subsection (1) shall be increased following each consecutive no claim year as follows:

1. Following the first no claim year, to 73 per cent of the average farm yield.
2. Following the second no claim year, to 76 per cent of the average farm yield.
3. Following the third no claim year, to 78 per cent of the average farm yield.
4. Following the fourth no claim year, to a maximum of 80 per cent of the average farm yield.

(3) The coverage provided under subsections (1) and (2) shall be decreased for claim years from the insured level in reverse progression to that prescribed by subsection (2) to a minimum of 70 per cent of the average farm yield.

(4) Where, in any year, a claim is paid in an amount less than half the total premium for that year, the coverage for the following year shall remain unchanged.

(5) The number of bushels determined under subsections (1), (2) and (3) constitutes the total guaranteed production under a contract of insurance.

10. The maximum amount for which the Commission is liable for a loss in production under a contract of insurance is the amount obtained by multiplying the total guaranteed production determined under section 9 by the established price per bushel prescribed by section 11.

11.—(1) For the purposes of this plan the established price for winter wheat is,

- (a) \$3; or
- (b) \$3.75,

per bushel.

(2) Where,

- (a) the insured person applies therefor in writing on or before the 31st day of October in a crop year; and
- (b) the Commission consents in writing,

any established price designated in subsection (1) may be substituted for the established price selected by the insured person at the time a contract of

insurance is made or for any established price substituted in lieu thereof under this subsection.

(3) Where, upon any renewal, the insured person fails to select an established price pursuant to subsection (2), the Commission may designate the established price applicable to the contract for the crop year.

PREMIUMS

12.—(1) The total premium is,

- (a) \$8 per acre where the established price is \$3 per bushel; and
- (b) \$10 per acre where the established price is \$3.75 per bushel.

(2) Notwithstanding subsection (1), the minimum premium payable by an insured person in each crop year is \$15.

(3) The premium prescribed by subsections (1) and (2) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to winter wheat.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit, if any, to the Commission at the time he files the final acreage report prescribed by section 14.

FINAL ACREAGE REPORTS

14.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in Form 3 within ten days after the seeding of acreage to winter wheat is completed.

(2) A final acreage report filed with the Commission shall not be amended without the consent in writing of the Commission.

15.—(1) The Commission may revise the final acreage report in any or all respects and, in such case, shall notify the insured person in writing forthwith respecting such revision.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report made by the Commission under subsection (1) unless, within ten days from the mailing or delivery of the notification by the Commission, he notifies the Commission in writing that he rejects such revision.

(3) Where the Commission receives notice from an insured person under subsection (2), it shall notify the insured person in writing that the contract of insurance does not apply for the crop year in respect of which the final acreage report was filed and shall refund any premium or premium deposit paid in respect of that crop year.

(4) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

16.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

- (a) prepare a final acreage report; or
- (b) declare the insured acreage to be nil.

(2) Where the Commission prepares a final acreage report under subsection (1), the Commission shall mail or deliver a copy of the report to the insured person.

(3) Every insured person shall pay the premium for the crop year in respect of which a final acreage report is prepared by the Commission within ten days from the mailing or delivery to him of a copy of the report.

FINAL DATE FOR SEEDING

17. For the purposes of this plan the final date for seeding winter wheat in a crop year is the 31st day of October or such other date as may be determined from time to time by the Commission.

FINAL DATE FOR HARVESTING

18. For the purposes of this plan, the final date for harvesting winter wheat in a crop year is the 31st day of August or such other date as may be determined from time to time by the Commission. O. Reg. 809/75, Sched.; O. Reg. 712/77, ss. 1, 2; O. Reg. 894/78, ss. 1-4; O. Reg. 633/79, ss. 1-5; O. Reg. 283/80, s. 1; O. Reg. 900/80, s. 1.

Form 1

Crop Insurance Act.(Ontario)

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART

—and—

of the of in the County (or as the case may be) of hereinafter referred to as "THE INSURED PERSON",

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance for winter wheat under The Ontario Crop Insurance Plan for Winter Wheat, hereinafter referred to as "the plan" and has paid the deposit premium prescribed thereunder;

NOW THEREFORE, subject to the Crop Insurance Act (Ontario) and the regulations made thereunder, where in a crop year the insured person suffers a loss resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not insure against, and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery; or
- (c) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
- (b) that, in the opinion of the Commission, is not insurable.

HARVESTING OF SEEDED ACREAGE

3.—(1) All acreage seeded to winter wheat in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the seeded acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The harvesting referred to in subparagraph (1) shall be completed not later than the 31st day of August or such other date as may be determined from time to time by the Commission.

EVALUATION OF LOSS

4. For the purposes of determining the loss in production of winter wheat in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 5 and 6.

STAGE 1

5.—(1) Stage 1 comprises the period from the date on which the seeding of acreage to winter wheat is completed to and including the 15th day of June in the crop year.

(2) Where loss or damage occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the seeding of the damaged acreage to another crop; or
- (b) the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the damaged acreage is in excess of 3 acres and is reseeded in accordance with clause (2) (a), the contract of insurance shall cease to apply to such reseeded acreage, the total guaranteed production shall be reduced accordingly and the Commission shall pay to the insured person for each acre reseeded, a reseeded benefit of,

- (a) \$18 per acre where the established price is \$3 per bushel; or
- (b) \$25 per acre where the established price is \$3.75 per bushel.

(4) Where the damaged acreage is abandoned or destroyed in accordance with clause (2) (b), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying,

- (a) 50 per cent of the guaranteed production for the damaged acreage; or

- (b) the difference between the guaranteed production and the potential production determined under subparagraph (2) for the damaged acreage,

whichever is the lesser, by the established price per bushel.

(5) Subject to subparagraph (6), where the crop on damaged acreage is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (4) shall not be taken into account in the final adjustment of loss, and the value of the crop shall progress into Stage 2.

(6) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and to calculate the amount of loss in the manner prescribed in subparagraph (4) with respect to such damaged acreage and where notice of such intention has been given, the Commission shall calculate accordingly the amount of loss to be taken into account in the final adjustment of loss and the value of the insured crop on such damaged acreage shall not progress beyond Stage 1.

STAGE 2

6.—(1) Stage 2 commences on the 16th day of June in the crop year and, with respect to any part of the seeded acreage, ends with the completion of harvesting of such part.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of damaged acres and the potential production thereof.

(3) Where the insured crop is abandoned or destroyed in accordance with subparagraph (2), the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between,

- (a) the guaranteed production for the damaged acreage; and
- (b) the potential production determined under subparagraph (2) for the damaged acreage,

by the established price per bushel.

(4) Where the crop is not abandoned or destroyed after the Commission has consented thereto, the

amount of loss calculated under subparagraph (3) shall not be taken into account in the final adjustment of loss.

(5) Where the actual production of the harvested acreage is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total seeded acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per bushel.

QUALITY COVERAGE

7. Where the insured crop is reduced below Grade 3 due to an insured peril, the actual production shall be deemed to be,

- (a) for Grade Extra 4, 95 per cent of the yield harvested;
- (b) for Grades 4 and Extra 5, 90 per cent of the yield harvested;
- (c) for Grade 5, 85 per cent of the yield harvested; and
- (d) for Sample, 80 per cent of the yield harvested.

FINAL ADJUSTMENT OF LOSS FOR TOTAL SEEDED ACREAGE

8. The indemnity payable with respect to the total seeded acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage, but where,

- (a) the actual production of any harvested acreage; or
- (b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying such excess by the established price per bushel.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

9.—(1) Where the actual seeded acreage of winter wheat in a crop year is less than the seeded acreage declared on the final acreage report, the guaranteed production and the amount of insurance shall be reduced in the proportion that the actual acreage bears to the declared acreage.

(2) Where the actual seeded acreage of winter wheat in a crop year exceeds the seeded acreage declared on the final acreage report, the guaranteed

production per acre for the field in respect of which the incorrect acreage was declared shall be reduced in the proportion that the declared acreage bears to the actual acreage.

MISREPRESENTATION, VIOLATION OF CONDITIONS, OR FRAUD

10. Where, in respect of an insured crop, the insured person,

- (a) in his application for insurance or a final acreage report,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance, a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

11. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

12. Notwithstanding that a person other than the insured person holds an interest of any kind in an insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and
- (b) except as provided in paragraph 13, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

13. The insured person may assign all or part of his right to indemnity under this contract in a crop year in respect of an insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

14.—(1) Where loss or damage to an insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to reseed or use the seeded acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to an insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within five days of such time.

(3) Where loss or damage to an insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after seeding and before the completion of harvesting of the insured crop that the potential production of the insured crop will be less than the total guaranteed production, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of an insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss in production resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing within five days of completion of harvesting.

ABANDONMENT, DESTRUCTION, OR
ALTERNATE USE

15.—(1) No acreage seeded to an insured crop shall be put to another use and no insured crop shall be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

16.—(1) The indemnity payable for loss or damage to an insured crop shall be determined in the manner prescribed herein.

(2) The Commission may cause the production of an insured crop to be appraised by any method that it deems proper.

(3) The loss in respect of an insured crop and the amount of indemnity payable therefor shall be determined separately for each insured crop.

(4) No indemnity shall be paid for a loss in respect of an insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production in the crop year resulted directly from one or more of the perils insured against.

PROOF OF LOSS

17.—(1) A claim for indemnity in respect of an insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year in which the loss occurred, whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 13.

ARBITRATION

18. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

19.—(1) Except as otherwise provided, no indemnity under this contract becomes due and payable until the end of the crop year in which the loss or damage was sustained.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an

arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

20. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

21. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

DEATH OR ASSIGNMENT UNDER THE BANKRUPTCY ACT

22. This contract terminates at the end of the crop year in which the death of the insured person occurs or an authorized assignment is made by him under the *Bankruptcy Act* (Canada).

NOTICE

23.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

CONTRACT OF INSURANCE

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART;

—and—

.....
of the of

in the County (or as the case may be) of, hereinafter referred to as "THE INSURED PERSON",

OF THE SECOND PART;

WHEREAS the insured person has applied for a contract of insurance under the *Crop Insurance Act (Ontario)* and the regulations and has paid a deposit premium in respect thereof;

Now THEREFORE, subject to,

- (a) the *Crop Insurance Act (Ontario)*;
- (b) the regulations made thereunder; and
- (c) the endorsement respecting an insured crop,

where in a crop year the insured person suffers a loss in the production of an insured crop from one or more of the perils designated in the plan for such crop, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract an insured crop means an insurable crop in respect of which,

- (a) a plan has been established; and
- (b) an endorsement under such plan is in force.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage seeded in each crop year to an insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to acreage,

- (a) seeded to an insured crop that,
 - (i) was not adequately prepared for cropping purposes,
 - (ii) was seeded after the final date prescribed for seeding in the plan, or
 - (iii) in the opinion of the Commission, is not insurable; or
- (b) on which an insured crop is a volunteer crop.

CAUSES OF LOSS NOT INSURED AGAINST

3. This contract does not insure against, and no indemnity shall be paid in respect of a loss in production of an insured crop resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees; or
- (b) a peril other than the perils designated in the plan for the insured crop.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

4. Where, in respect of an insured crop, the insured person,

- (a) in his application for insurance or a final acreage report,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

5. No term or condition of this contract or of an endorsement shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

6. Notwithstanding that a person other than the insured person holds an interest of any kind in an insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and
- (b) except as provided in paragraph 7, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

7. The insured person may assign all or part of his right to indemnity under this contract in a crop year in respect of an insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

8.—(1) Where loss or damage to an insured crop results from one or more of the perils insured against and the insured person intends to abandon

or destroy the insured crop, or to reseed or use the seeded acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to an insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within five days of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may thereby be reduced, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of an insured crop,

- (a) the actual production is less than the total guaranteed production; and
- (b) the loss in production resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing within five days of completion of harvesting.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

9.—(1) No acreage seeded to an insured crop shall be put to another use and no insured crop shall be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

10.—(1) The indemnity payable for loss or damage to an insured crop shall be determined in the manner prescribed by the endorsement for the insured crop.

(2) The Commission may cause the production of an insured crop to be appraised by any method that it considers proper.

(3) The loss in respect of an insured crop and the amount of indemnity payable therefor shall be determined separately for each insured crop.

(4) No indemnity shall be paid for a loss in respect of an insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production in the crop year resulted directly from one or more of the perils insured against.

PROOF OF LOSS

11.—(1) A claim for indemnity in respect of an insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year in which the loss occurred,

whichever is the earlier.

(2) Subject to subparagraph (3), a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 7.

ARBITRATION

12. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

13.—(1) Except as otherwise provided in the endorsement for an insured crop, no indemnity under this contract becomes due and payable until the end of the crop year in which the loss or damage was sustained.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

14. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

15. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

DEATH OR ASSIGNMENT UNDER THE BANKRUPTCY ACT

16. This contract terminates in respect of each insured crop at the end of the crop year in which the death of the insured person occurs or an authorized assignment is made by him under the *Bankruptcy Act* (Canada).

NOTICE

17.—(1) Any written notice to the Commission

shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.
